## France

Lastly, economic sales in France amounted to €169 million, representing a 5% growth compared to the previous year, while the adjusted EBIT reached €43 million, or a 7% improvement YoY.

Iñigo Meirás, CEO of Logista, stated: *“Despite the complex context in which we find ourselves, we can be very satisfied with the results obtained. Additionally, we continue advancing with our diversification strategy, particularly, with the acquisition of Gamma Farmaceutici which allows Logista to enter the pharmaceutical distribution sector in Italy”.*

## Perspectives for 2023

In line with Logista's strategic plan, whose essential focus is to provide additional growth and diversification to the current business base, the Group continues to seek opportunities to acquire complementary and synergistic companies. The latest acquisition of the Group was formalized on July 18<sup>th</sup> with the acquisition of Gamma Farmaceutici by Logista Italia. With this operation, the company accesses the pharmaceutical distribution and logistics segment in this country.

## About Logista

Logista is one of the top logistics operators in Europe, specialising in proximity distribution channels. The company regularly serves nearly 200,000 sales points throughout Spain, France, Italy, Portugal, the Netherlands and Poland, and facilitates the best and fastest market access for a broad range of retail products, pharmaceuticals, electronic recharges, books and other publications, tobacco and lottery products, among others. In addition, Logista operates the largest transportation network in Spain, which is also certified for food safety.

Logista maintains a team of highly qualified professionals, comprised by over 7,000 direct employees and 15,000 collaborators, all of them focused on providing service to customers and adapting to their needs in the most efficient manner.

## Committed to sustainability

Logista has been awarded the Ecovadis silver medal, which establishes it among the top 1% of companies in the industry.

The Ecovadis medal adds to other distinctions obtained previously by the company. Once again in 2022, CDP, which recognises global companies leading the fight against climate change, acknowledged Logista's work as a driver of sustainable change throughout its value chain, including the company in its Supplier Engagement Leader category. In addition, Logista obtained a qualification of A- in its annual index, thus making it into the Leadership category one more year.

Logista's firm commitment to sustainability has also been recognised once again in October 2022 by Sustainalytics, one of the top evaluators of Corporate Social Responsibility and Corporate Governance worldwide. After analysing the company's ESG criteria, Sustainalytics awarded it an ESG risk classification of 13.7 over 100, highlighting its Low Risk of experiencing material financial impact due to ESG factors, and thus awarding an Industry TOP RATED 2023 accreditation, as number 11 among 365 evaluated companies in the Transportation industry
