AUDIT REPORT ON FINANCIAL STATEMENTS ISSUED BY AN INDEPENDENT AUDITOR

Translation of a report and financial statements originally issued in Spanish. In the event of discrepancy, the Spanish-language version prevails (See Note 14)

To the Shareholders of COMPAÑÍA DE DISTRIBUCIÓN INTEGRAL LOGISTA HOLDINGS, S.A.

Report on the financial statements

Opinion

We have audited the financial statements of COMPAÑÍA DE DISTRIBUCIÓN INTEGRAL LOGISTA HOLDINGS, S.A. (the Company), which comprise the balance sheet as at September 30, 2020, the income statement, the statement of changes in equity, the statement of cash flow, and the notes thereto for the year then ended ("2020").

In our opinion, the accompanying financial statements give a true and fair view, in all material respects, of the equity and financial position of the Company as at September 30, 2020 and of its financial performance and its cash flows for the year then ended in accordance with the applicable regulatory framework for financial information in Spain (identified in Note 2.1 to the accompanying financial statements) and, specifically, the accounting principles and criteria contained therein.

Basis for opinion

We conducted our audit in accordance with prevailing audit regulations in Spain. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the financial statements* section of our report.

We are independent of the Company in accordance with the ethical requirements, including those related to independence, that are relevant to our audit of the financial statements in Spain as required by prevailing audit regulations. In this regard, we have not provided non-audit services nor have any situations or circumstances arisen that might have compromised our mandatory independence in a manner prohibited by the aforementioned requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our audit opinion thereon, and we do not provide a separate opinion on these matters.

Impairment of non-current investments in Group companies and associates

Description At year-end 2020, the Company had recognized in non-current assets investments in the equity of group companies and associates amounting to 973 million euros, which represent 77% of the total assets.

The Company recognizes impairment losses whenever there is objective evidence that the carrying amount of said investments may not be recoverable, being the amount of the impairment loss the difference between the investment's carrying and recoverable amounts.

Recoverable amount is determined using complex estimates based on the application by Company Management of criteria, judgments, and hypotheses. We have determined this matter to be a key audit matter due to the significance of the amounts and the complexity inherent to the estimation process to determine the recoverable amount of these investments.

The information related to the criteria applied by Company Management and the principal hypotheses used in determining impairment losses from investments in group companies and associates are described in Note 4.1) to the accompanying financial statements.

Our response Our audit procedures include, among others, the following:

- ▶ Understanding the processes established by Company Management to determine impairment on non-current investments in group companies and associates including assessment of the design and implementation of relevant controls.
- ▶ Analyzing indications of impairment and, where necessary, reviewing the model used by Company Management to determine recoverable amount in collaboration with our valuation specialists, focusing particularly on the model's mathematical coherence, the reasonableness of projected cash flows, discount rates, and long-term growth rates.
- ▶ Contrast the trading value of the Company at year-end.
- ▶ Reviewing the disclosures in the financial statements in accordance with the applicable financial reporting framework.

Other matters

On November 4, 2019 other auditors issued their audit report on the 2019 financial statements, in which they expressed an unmodified opinion.

Other information: management report

Other information refers exclusively to the 2020 management report, the preparation of which is the responsibility of the Company's Directors and is not an integral part of the financial statements.

Our audit opinion on the financial statements does not cover the management report. Our responsibility for the information contained in the management report is defined in prevailing audit regulations, which distinguish two levels of responsibility:

- a) A specific level applicable to certain information included in the Corporate Governance Report, as defined in article 35.2 b) of Law 22/2015 on auditing, which solely requires that we verify whether said information has been included in the consolidated management report and, if not, disclose this fact.
- b) A general level applicable to the remaining information included in the management report, which requires us to evaluate and report on the consistency of said information in the financial statements, based on knowledge of the Company obtained during the audit, excluding information not obtained from evidence. Moreover, we are required to evaluate and report on whether the content and presentation of this part of the management report are in conformity with applicable regulations. If, based on the work carried out, we conclude that there are material misstatements, we are required to disclose them.

Based on the work performed, as described above, we have verified that the information described in paragraph a) above is included in the management report and the remaining information contained therein is consistent with that provided in the 2020 financial statements and their content and presentation are in conformity with applicable regulations.

Responsibilities of the Directors and the Audit and Control Committee for the financial statements

The Directors are responsible for the preparation of the accompanying financial statements so that they give a true and fair view of the equity, financial position and results of the Company, in accordance with the regulatory framework for financial information applicable to the Company in Spain, identified in Note 2.1 to the accompanying financial statements, and for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Audit and Control Committee is responsible for overseeing the Company's financial reporting process.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with prevailing audit regulations in Spain will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with prevailing audit regulations in Spain, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- ▶ Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- ▶ Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- ▶ Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Directors.
- ▶ Conclude on the appropriateness of the Director's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- ▶ Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Audit and Control Committee of the Company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Audit and Control Committee of the Company with a statement that we have complied with relevant ethical requirements, including those related to independence, and to communicate with them all matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the Audit and Control Committee of the Company, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters.

We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter.

Report on other legal and regulatory requirements

Additional report to the Audit and Control Committee

The opinion expressed in this audit report is consistent with the additional report we issued to the Audit and Control Committee on October 28, 2020.

Term of engagement

The ordinary general shareholders' meeting held on March 24, 2020 appointed us as auditors for 3 years, commencing for the year ending September 30, 2020.

Compañía de Distribución Integral Logista Holdings, S.A.

Notes to the annual Financial Statements for the year ended 30 de September de 2020

1. Company activity

Compañía de Distribución Integral Logista Holdings, S.A., was incorporated as a sociedad anónima (Spanish public limited company) on 13 May 2014, with its sole shareholder being Altadis S.A.U., a company belonging to the Imperial Brands PLC Group. On 26 May 2014, the Company was registered in the Mercantile Registry as a sole-shareholder company.

The Company's registered office is at Polígono Industrial Polvoranca, calle Trigo, número 39, Leganés (Madrid).

On 4 June 2014, the Company effected a capital increase with all shares subscribed by Altadis S.A.U. through non-monetary contribution of shares representing 100% of the share capital of Compañía de Distribución Integral Logista, S.A.U., until that time the parent company of the Logista Group, from then onwards, the Company became the Parent of the aforementioned Group.

The offering of shares in the Company came to an end on 14 July 2014, and its shares are currently listed for trading on the Madrid, Barcelona, Bilbao and Valencia Stock Exchanges (see Note 6).

The reporting period of most of the Group companies starts on 1 October of each year and ends on 30 September of the following year. The twelve-month period ended 30 September 2019 will hereinafter be referred to as "2019"; the period ended 30 September 2020 as "2020", and so on.

The activity performed by the Company since its incorporation has been that of a holding company. The company is the Parent of a distributor and logistics operator Group, which provides various distribution channels with a wide range of value added products and services, including tobacco and tobacco by-products, convenience goods, electronic documents and products (such as mobile phone and travel card top-ups), drugs, books, publications and lottery tickets. In order to provide these services, the Group has a complete infrastructure network, which spans the whole value chain, from picking to POS delivery.

The Company, as parent of a group of subsidiaries, prepares consolidated financial statements separately in accordance with International Financial Reporting Standards as adopted by the European Union (EU-IFRSs). The consolidated financial statements of Logista Group for 2020 were formally prepared by its directors at the Board of Directors meeting held on 27 October 2020.

In turn, Altadis, S.A.U., the Company's parent, belongs to the Imperial Brands PLC Group, which is governed by the corporate legislation in force in the United Kingdom, and whose registered office is at 121 Winterstoke Road, Bristol, BS3 2LL (United Kingdom). The consolidated financial statements of the Imperial Brands PLC Group for 2019 were formally prepared by its Directors at the Board of Directors meeting held on 5 November 2019.

2. Basis of presentation of the financial statements

2.1 Regulatory financial reporting framework applicable to the Company

These financial statements were formally prepared by the Directors in accordance with the regulatory financial reporting framework applicable to the Company, which consists of:

- a. The Spanish Commercial Code and all other Spanish corporate law.
- b. Law on Corporations consolidated text.

- c. The Spanish National Chart of Accounts approved by Royal Decree 1514/2007 and the amendments thereto introduced by Royal Decrees 1159/2016 and 602/2016.
- d. The mandatory rules approved by the Spanish Accounting and Audit Institute in order to implement the Spanish National Chart of Accounts and the relevant secondary legislation.
- e. All other applicable Spanish accounting legislation.

2.2 Fair presentation

The financial statements for 2020, which were obtained from the Company's accounting records, are presented in accordance with the regulatory financial reporting framework applicable to the Company and, in particular, with the accounting principles and rules contained therein and, accordingly, present fairly the Company's equity, financial position, results of operations and cash flows for the corresponding period. These financial statements, which were formally prepared by the Company's Directors, will be submitted for approval by the General Meeting, and it is considered that they will be approved without any changes.

The financial statements for 2019 were approved at the Annual General Meeting held on 24 March 2020.

2.3 Accounting principles applied

The directors formally prepared these financial statements taking into account all the obligatory accounting principles and standards with a significant effect hereon.

2.4 Key issues in relation to the measurement and estimation of uncertainty

In preparing the accompanying financial statements estimates were made by the Company's Directors in order to measure certain of the assets, liabilities, income, expenses and obligations reported herein. These estimates relate basically to the following:

- The calculation of allowances for financial assets (see Note 4.1).
- The assessment of the long-term obligations to employees of the companies in the Group headed by the Company (see Note 4.4).
- The assessment of the income tax expense (see Note 4.3).

Although these estimates were based on the best information available at the close of 2020, it is possible that future events may require these to be raised or lowered in the coming years. This would be done prospectively, recognising the effects of the changes in accounting estimates in the relevant future financial statements. The risks and possible impacts on the estimates derived from Covid-19 are detailed in Note 5.2.

2.5 Comparative information

The information relating to 2019 included in these notes to the financial statements is presented solely for comparison purposes with that relating to 2020.

2.6 Grouping of items

Certain items in the balance sheet, income statement, statement of changes in equity and statement of cash flows are grouped together to facilitate their understanding; however, whenever the amounts involved are material, the information is broken down in the related notes to the financial statements.

2.7 Materiality

In preparing these financial statements the Company omitted any information or disclosures which, not requiring disclosure due to their qualitative importance, were considered not to be material in accordance with the concept of Materiality defined in the conceptual framework applicable to the Company.

3. Distribution of profit

The proposed distribution of the profit for 2020, amounting to EUR 384,753 thousand, that the Company's Directors will submit for approval by the shareholders at the Annual General Meeting is as follows:

	Thousands of Euros
To voluntary reserves	228,312
Dividends	104,872
Interim dividend (Note 6.4)	51,569
	384,753

Pursuant to the legislation in force, the Company assessed the liquidity statement on the date of approval of the interim dividend. Based on this assessment, on 21 July 2020 the Company had lent to Compañía de Distribución Integral Logista, S.A.U. EUR 29 million, having additionally available Euros 115 million corresponding to the credit line granted by this Company.

4. Accounting policies and measurement bases

The principal accounting policies and measurement bases used by the Company in preparing its financial statements for 2020, in accordance with the Spanish National Chart of Accounts, were as follows:

4.1 Financial instruments

4.1.i Financial assets

Equity investments in Group companies

Group companies are deemed to be those related to the Company as a result of a relationship of control.

These investments are measured at cost or contribution value net, where appropriate, of any accumulated impairment losses. The method used to determine the value of the shares received through the non-monetary contribution made by Altadis, S.A.U. was to maintain the carrying amount of the contributed shares in the separate financial statements of the contributing company at the date of contribution.

If the recoverable amount of an asset is estimated to be less than its carrying amount, the carrying amount of the asset is reduced to its recoverable amount and the corresponding write-down is recognised through the income statement.

Value in use is calculated on the basis of an estimate of the future cash flows generated by each cash-generating unit, discounted at a rate which reflects the current value of money and the specific risks associated with the assets. Fair value is considered to be the value at which the asset in question could be disposed of under normal conditions, and it is determined on the basis of market data, comparable transactions, etc.

Impairment losses and, where appropriate, their reversal, are recognised as an expense or as income, respectively, in the income statement.

The Company uses the budgets and business plans, which generally cover a three-year period, of the various cash-generating units to which the assets are assigned. The key assumptions on which the budgets and business plans are built are based on each type of business and the experience with and knowledge of the performance of each of the markets in which the Company operates.

The estimated cash flows are extrapolated to the period not covered by the business plan using a zero-growth rate and an expense structure that is similar to that of the last year of the business plan.

The most relevant assumptions used in testing for impairment were as follows:

	2020		2019	
	Discount Rate	Growth Rate	Discount Rate	Growth Rate
Iberia, tobacco and related products	7,14%	0,00%	8,00%	0,00%

The discount rate applied is usually a pre-tax measurement based on the risk-free rate for 10-year bonds issued by the governments in the relevant markets, adjusted by a risk premium to reflect the increase in the risk of the investment based on the country in question and the systematic risk of the Company.

The parameters considered in defining the foregoing discount rates were as follows:

- Risk-free bonds: 10-year bonds in the benchmark market of the CGU.
- Market risk premium: year-on-year average risk Premium in each country in which the Group is presented.
- Unleveraged Beta: industry average, on a case-by-case basis.
- Debt/equity ratio: industry average.

At 30 September 2020 and 2019, the Company's Directors have concluded that there is no impairment of the investment in Compañía de Distribución Integral Logista, S.A.U. (see Note 5.1).

Loans and receivables

The loans granted are measured at their amortised cost, which is understood to be the initial value plus accrued interest and repayment premiums based on the effective interest rate, minus the principal and interest repayments, while also considering possible reductions due to impairment or uncollectibility.

Cash and cash equivalents

Cash includes both cash and demand deposits.

The Company derecognises a financial asset when it matures and collection is made or when the rights to the future cash flows have been transferred and substantially all the risks and rewards of ownership of the financial asset have been transferred.

4.1.ii Financial liabilities

Trade payables, loans received and other accounts payable are initially recognised at fair value, which generally coincides with their nominal value, reduced by transaction costs, and are subsequently measured at amortised cost.

The Company derecognises financial liabilities when the obligations giving rise to them cease to exist.

4.1.iii Equity instruments

Equity instruments issued by the Company are recognised in equity at the proceeds received, less issue and arrangement costs.

The acquisition by the Company of treasury shares is disclosed separately at cost as a reduction of equity in the balance sheet. No gain or loss is recognised in income statement on transactions involving own equity instruments.

4.2 Revenue and expense recognition

Revenue and expenses are recognised on an accrual basis, i.e. when the actual flow of the related goods and services occurs, regardless of when the resulting monetary or financial flow arises. Revenue is measured at the fair value of the consideration received, net of discounts and taxes.

Interest income from financial assets is recognised using the effective interest method and dividend income is recognised when the shareholder's right to receive payment has been established. Interest and dividends from financial assets accrued after the date of acquisition are recognised as income in the income statement.

4.3 Income tax

Tax expense (or tax income) comprises current tax expense (or current tax income) and deferred tax expense (or deferred tax income).

The current income tax expense is the amount payable by the Company as a result of income tax settlements for a given year. Tax credits and other tax benefits, excluding tax withholdings and pre-payments, and tax loss carryforwards from prior years effectively offset in the current year reduce the current income tax expense.

The deferred tax expense or income relates to the recognition and derecognition of deferred tax assets and liabilities. These include temporary differences measured at the amount expected to be payable or recoverable on differences between the carrying amounts of assets and liabilities and their tax bases, and tax loss and tax credit carryforwards. These amounts are measured at the tax rates that are expected to apply in the period when the asset is realised or the liability is settled.

In general, deferred tax liabilities are recognised for all taxable temporary differences. However, deferred tax assets are recognised to the extent that it is considered probable that the Company will have taxable profits in the future against which the deferred tax assets can be utilised.

Deferred tax assets and liabilities arising from transactions charged or credited directly to equity are also recognised in equity.

The deferred tax assets recognised are reassessed at the end of each reporting period and the appropriate adjustments are made to the extent that there are doubts as to their future recoverability. Also, unrecognised deferred tax assets are reassessed at the end of each reporting period and are recognised to the extent that it has become probable that they will be recovered through future taxable profits.

From 2017 onwards, the Company is the parent of the tax group, with tax Group number 548/17 assigned.

4.4 Pension and other employee benefit obligations

On 4 June 2014, the Company's Board of Directors approved the 2014 long-term incentive plan structure (general plan and special plan), vesting from 1 October 2014 to 30 September 2019, which is made up of three blocks of three years each, with plan settlements taking place on completion of each block.

The terms of these plans recognise the right of certain workers of companies in the Group headed by the Company to receive a given number of Company shares at the end of the third year from commencement of each of the three blocks into which the plan is divided, taking into account the degree of achievement of certain internal financial and operating benchmarks, total shareholder return and profitability compared with other companies.

On 29 January 2015, the Board of Directors approved the list of beneficiaries (47 included in the general plan and 10 in the special plan) and made an estimate of the cost of the first block (2014-2017). The total estimated cost of the first tranche of the plan was EUR 2,856 thousand.

On 26 January 2016, the Board of Directors approved the second tranche of the 2014 Long-Term Incentive Plan (the General Plan and the Special Plan) for the 2015-2018 vesting period. The beneficiaries of the second tranche numbered 50 for the General Plan and 10 for the Special Plan. The total estimated cost of the second tranche is EUR 2,491 thousand.

On 24 January 2017, the Board of Directors approved the third tranche of the 2014 Long-Term Incentive Plan (the General Plan and the Special Plan) for the 2016-2019 vesting period. The beneficiaries of the second tranche numbered 56 for the General Plan and 9 for the Special Plan. The total estimated cost of the second tranche is EUR 2,623 thousand.

On 20 December 2016 the Company's Board of Directors approved new long-term incentive plans for the 2017-2022 period, which will be divided into three three-year tranches, the first of which begins on 1 October 2017.

On 23 January 2018, the Company's Board of Directors approved the first tranche's (2017-2020) beneficiaries, being 58 the beneficiaries included in the General Plan and 9 the ones considered in the Special Plan. The total estimated cost for the first tranche amounts to EUR 2,933 thousand.

On 29 January 2019, the Company's Board of Directors approved the second tranche's (2018-2021) beneficiaries, being 60 the beneficiaries included in the General Plan and 9 the ones considered in the Special Plan. The total estimated cost for the first tranche amounts to EUR 3,240 thousand.

On 28 January 2020, the Company's Board of Directors approved the third tranche's (2019-2022) beneficiaries, being 62 the beneficiaries included in the General Plan and 9 the ones considered in the Special Plan. The total estimated cost for the third tranche amounts to EUR 3,023 thousand.

On 28 January 2020, the Company's Board of Directors approved the 2020-2025 long-term incentive plan structure (general plan and special plan), vesting from 1 October 2020 to 30 September 2025, which is made up of three blocks of three years each, with plan settlements taking place on completion of each block.

In order to cater for the equity-settled 2014 long-term incentive plan and the 2017 incentive plan, and by virtue of the authorization granted by the Board of Directors, the Group acquired 914,261 treasury shares for EUR 18,556 thousand (EUR 3,456 thousand in 2020, EUR 3,554 thousand in 2019, EUR 3,366 thousand in 2018 and EUR 3,161 thousand in 2017 and EUR 4,359 thousand in 2016 and EUR 670 thousand in 2015) (see Note 6.6).

On 23 January 2018, the Board of Directors approved the settlement of the First Vesting Period (2014-2017) of the General Plan and Special Plan of the 2014. The settlement gave rise to the delivery for no consideration of a total of 137,022 shares amounting to EUR 2,566 thousand to the beneficiaries of the two plans. The shares were delivered net of the related tax withholding. The Company also delivered 1,454 shares amounting to EUR 28 thousand to a beneficiary of the plan. In 2017 24,189 treasury shares amounting to EUR 477 thousand were delivered to two beneficiaries.

On 28 November 2017, the Board of Directors extended to 1 October 2018 the Company's Extended Share Repurchase Programme (up to 560,476 shares, 0.42% of the share capital), to include them in the second and third tranches of the 2014 long-term incentive.

On 25 September 2018 the Board of Directors extended to 1 October 2019 the Company's Extended Share Repurchase Programme (up to 641,372 shares, 0.48% of the share capital), to include them in

the second and third tranches of the 2014 long-term incentive plan and the first tranche of the 2017 long-term incentive plan.

On 29 January 2019, the Board of Directors approved the settlement of the second Vesting Period (2015-2018) of the General Plan and Special Plan of the 2014. The settlement gave rise to the delivery for no consideration of a total of 98,783 shares amounting to EUR 2,010 thousand to the beneficiaries of the two plans. The shares were delivered net of the related tax withholding.

On 24 September 2019 the Board of Directors extended to 1 October 2020 the Company's Extended Share Repurchase Programme (up to 681,013 shares, 0.51% of the share capital), to include them in the third tranches of the 2014 long-term incentive plan and the first and second tranches of the 2017 long-term incentive plan.

On 29 October 2019, the Board of Directors approved the settlement of the third Vesting Period (2016-2019) of the General Plan and Special Plan of the 2014. The settlement gave rise to the delivery for no consideration of a total of 70,969 shares amounting to EUR 1,420 thousand to the beneficiaries of the two plans. The shares were delivered net of the related tax withholding.

In addition, in the financial year 2020, the Company has made the delivery for no consideration of a total of 59,571 shares to three beneficiaries of the General Plan and the Special Plan 2017 for a total amount of EUR 1,122 thousand. The shares were delivered net of the related tax withholding.

Lastly, on 29 September 2020 the Board of Directors extended to 1 October 2021 the Company's Extended Share Repurchase Programme (up to 722,273 shares, 0.5% of the share capital), to include them in the 2020 long-term incentive plan.

4.5 Related party transactions

The Company performs all its transactions with related parties on an arm's length basis. Also, the transfer prices are adequately supported and, therefore, the Company's Directors consider that there are no material risks in this connection that might give rise to significant liabilities in the future.

4.6 Environmental assets and liabilities

Environmental assets are deemed to be assets used on a lasting basis in the Company's operations whose main purpose is to minimize environmental impact and protect and improve the environment, including the reduction or elimination of future pollution.

Because of their nature, the Company's business activity does not have a significant environmental impact.

4.7 Current and Non-current classification

Current assets are assets associated with the normal operating cycle, which in general is considered to be one year; other assets which are expected to mature, be disposed of or be realized within twelve months from the end of the reporting period, held-for-trading financial assets, and cash and cash equivalents. Assets that do not meet these requirements are classified as non-current assets.

Similarly, current liabilities are liabilities associated with the normal operating cycle, held-for-trading financial liabilities and, in general, all obligations that will mature or be extinguished at short term. All other liabilities are classified as non-current liabilities.

4.8 Revenue

For accounting purposes, the Company classifies the dividends received as a result of its ownership interest in Compañía de Distribución Integral Logista, S.A.U. in revenue, since this ownership interest and the activities connected therewith constitute the Company's revenue-producing activity.

5. Financial assets

5.1 Non-current investments in Group companies

5.2 Financial risk exposure

The management of the financial risks to which the Company is exposed in the course of its business activities constitutes one of the basic pillars of its activities aimed at preserving the value of its assets and its shareholder's investment.

The Company's activities are exposed to various financial risks: market risk (including exchange rate risk), credit risk, liquidity risk and cash flow interest rate risk.

The Company's financial risk management is centralised in Logista Group's Finance Division. This Division has established the mechanisms required to control based on the structure and financial position of the Company and on the economic variables of the business- exposure to interest rate and exchange rate fluctuations and credit and liquidity risk.

a. Credit risk:

The Company's main financial assets are cash and loans to Group companies. In general, the Group holds its cash and cash equivalents at banks with high credit ratings.

b. Liquidity risk:

The Company, for the purpose of ensuring liquidity and enabling it to meet all the payment obligations arising from its business activities, has the cash and cash equivalents disclosed in its balance sheet, together with the credit and financing facilities obtained through the cash assignment agreement entered into with Imperial Brands PLC Group. (see Note 9).

c. Market risk (including interest rate, foreign currency and other price risks):

In relation to its cash and cash equivalents the Company is exposed to interest rate fluctuations that could have an effect on its results and cash flows, although due to the Company's financial structure, management considers that this impact would not be material in any event.

The level of exposure of the equity and income statement to the effects of future changes in prevailing exchange rates is not significant.

The Company does not have any direct or indirect significant investments in foreign entities that operate in currencies other than the euro and does not perform significant transactions in countries with currencies other than the euro.

5.3 Exposure to risk. Covid-19 situation

Although the Covid-19 pandemic has not had a relevant impact on the financial and equity position of the Company, taking into account that its main activity is the holding of shares and there have been no indicators of impairment derived from Covid- 19, given that the Company is the head of a group of companies with an international presence, below we detail the risks that the Logista Group faces derived from Covid-19 and the actions carried out to mitigate them.

Identified risks

The current environment situation is marked by the uncertainty generated by the coronavirus pandemic. The measures adopted to combat it have caused a significant setback in the world economy, with special incidence in Spain and Italy and it is difficult to assess or predict what the impact will be in the medium term, which will depend on the rate at which the recovery of the economy.

Actions taken to mitigate risks

This risk is mitigated, since Logista group is dedicated to the supply and distribution of products to sales networks that provide essential services, tobacconists, pharmacies, service stations, kiosks, and, therefore, is obliged to maintain its activities, guaranteeing the supply and supply of said products to retail establishments, so these consolidated annual accounts are presented under the going concern principle.

The impacts on the business of Logista group included, among others, and not to the same extent in all of the Group's businesses: a reduction of activity and revenues as well as increases in costs (overtime, special bonuses in some countries, disinfection, cleaning, medical supplies, etc.). However, the decrease in some costs which resulted from the confinement and the restrictions on movement, and from the general saving measures adopted by the Group (in travelling, conventions, consultations, etc., mitigated the negative impact of the pandemic.

Impacts to date and potential future impacts

From an economic point of view, COVID-19 presents great uncertainties, the consequences in the medium and long term being difficult to quantify and conditioned, in any case, on the duration of the containment measures imposed by the different governments, as well as to the subsequent economic recovery, nationally and internationally.

Logista Group has adapted its operations, as well as its strategic and business plan to the current situation derived from the coronavirus crisis, putting in place corrective, contingency and various kinds of measures, in relation to business continuity, which has allowed it to continue its operations, as well as various

protection measures for its workers and collaborators. In updating its impairment tests on cash-generating units, the Group has not observed specific relevant indications of impairment derived from Covid-19, nor has it experienced a deterioration in its customers' collection periods.

Regarding the specific impacts on the Company, no factors derived from Covid-19 have been identified that could be indicators of impairment in its financial investments, nor has any other relevant impact been observed on the Company's operations, which has prepared under the going concern principle.

6. Equity

6.1 Share capital

At 30 September 2020 and 2019, the Company's share capital amounted to EUR 26,550 thousand and was represented by 132,750,000 fully subscribed and paid shares of EUR 0.2 per value each, all of which are of the same class.

As indicated in Note 1, the Parent was incorporated on 13 May 2014 with a share capital of EUR 60 thousand, divided into 300,000 shares of EUR 0.2 par value each, all of the same class, which were fully subscribed and paid in cash by the Parent's sole shareholder, Altadis, S.A.U.

On 4 June 2014, Altadis, S.A.U. approved a capital increase of EUR 26,490 thousand at the Parent, which was subscribed by means of a non-monetary contribution through the issue of 132,450,000 new shares of EUR 0.2 par value each, with a total share premium of EUR 942,148 thousand. The shares issued were of the same class as the outstanding shares, and they were fully subscribed and paid by Altadis, S.A.U. by means of the contribution to the Parent of the 44,250,000 registered shares representing the entire share capital of Compañía de Distribución Integral Logista, S.A.U. (which was, until that time, the Parent of the Logista Group). In this connection, it should be noted that the aforementioned non-monetary contribution was subject to the requisite appraisal by an independent expert appointed by the Mercantile Registry, in accordance with the Consolidated Spanish Limited Liability Companies Law and the Mercantile Registry Regulations.

The offering of shares in the Company came to an end on 14 July 2014, and its shares are currently listed for trading on the Madrid, Barcelona, Bilbao and Valencia Stock Exchanges.

The only shareholder with an ownership interest of 10% or more in the Company's share capital at 30 September 2020 and 2019 was Altadis, S.A.U., with an ownership interest of 50.01%.

At 30 September 2020, all shares of the Company have the same voting and dividend rights.

6.2 Share premium

The Spanish Capital Companies Law expressly permits the use of the share premium account balance to increase the capital of the entities at which it is recognised and does not establish any specific restrictions as to its use.

In 2015 the Company distributed dividends with charge to the share premium of EUR 74,340 thousand.

There has been no movement in this caption at 30 September 2020 and 2019.

6.3 Legal reserve

Under the Spanish Capital Companies Law, 10% of net profit for each year must be transferred to the legal reserve until the balance of this reserve reaches at least 20% of the share capital. The legal reserve can be used to increase capital provided that the remaining reserve balance does not fall below 10% of the increased share capital amount. Otherwise, until the legal reserve exceeds 20% of share capital, it can only be used to offset losses, provided that sufficient other reserves are not available for this purpose.

At 30 September 2020, the legal reserve has reached the legally stipulated minimum.

6.4 Interim dividends

On 21 July 2020, the Company's Board of Directors approved the distribution of an interim dividend out of 2020 profit amounting to EUR 51,569 thousand for which payment has already been made on 28 August 2020 (EUR 48,938 thousand in 2019) (See Note 3).

6.5 Other reserves

These reserves are unrestricted. The changes in 2020 relate to the distribution of profit for 2019 not distributed to the shareholders of EUR 9,505 thousand and the negative effect of the settlement of the Third Vesting Period (2016-2019) of the 2014 Incentive Plan amounting to EUR 144 thousand (see Note 4.4).

6.6 Treasury shares

The Company has 522,273 treasury shares amounting to EUR 10,681 thousand in order to cover the long-term incentive plan described in Note 4.4., representing 0.4% of share capital.

6.7 Other shareholder contribution

In 2020 the Company recognised to this line item a decrease amounting to EUR 4,387 thousand (2019: EUR 2,210 thousand) and an increase of EUR 2,401 thousand relating to the long-term incentive plans (2019: EUR 2,997 thousand) (see Notes 4.4 and 5.1).

7. Tax matters

As indicated in Note 4.3, since 18 September 2017 the Company has been head of a consolidated tax group and responsible for its obligations; therefore, the amount receivable of EUR 72,969 thousand in 2020 (2019: EUR 12,622 thousand) arising from the consolidated tax group's tax return for 2020 is presented under "Other Accounts Receivable from Public Authorities" in the balance sheet as at 30 September 2020.

7.1 Current tax receivables and payables

The detail of the current tax receivables at 30 September 2020 and 2019 is as follows:

	Thousands of Euros	
	2020	2019
Non-resident income tax withholdings	2,852	4,087
Income Tax	1,279	73
	4,131	4,160

7.2 Reconciliation of the accounting profit to the taxable profit

The reconciliation of the accounting profit to the taxable profit for income tax purposes is as follows:

	Thousands of Euros	
	2020	2019
Accounting profit before taxes	384,376	160,628
Permanent differences:		
Dividends (Note 8.1)	(385,860)	(162,398)
Non-deductible Expenses	60	90
Adjusted taxable profit (fiscal result)	(1,424)	(1,680)

In 2020 and 2019 the Company applied the treatment provided for in Article 21.1 of the new Spanish Income Tax Law in relation to the dividends received from its subsidiary and, therefore, considered them to be exempt from inclusion in the income tax calculation.

7.3 Reconciliation of accounting profit to the income tax expense

The reconciliation of the accounting profit to the income tax expense is as follows:

	Thousands of Euros	
	2020	2019
Accounting profit for the year before tax	384,376	160,628
Permanent differences	(385,860)	(162,398)
Non-deductible Expenses	60	90

Income tax profit	(377)	(4,911)

7.5 Changes in deferred tax liabilities

At 30 September 2020 there were no movements in deferred taxes. Movements in deferred taxes in 2019 are as follows:

Fiscal year 2019

	Thousand of Euros		
	2018	Reductions	2019
Deferred tax liabilities	(4,460)	4,460	-
	(4,460)	4,460	-

In the income tax settlement for 2015 the Company applied Article 30 of the Consolidated Spanish Income Tax Law and excluded from the tax base a portion of the dividends received in that year. It also recognised an item of deferred tax based on the ownership interest in Altadis, S.A.U. that was sold in the public offering in 2014 (see Note 1).

7.6 Tax credit carryforwards

At 30 September 2020, the Company has tax credit carryforwards amounting to EUR 226 thousand (2019: EUR 1,870 thousand).

7.7 Years open for review and tax audits

Under current legislation, taxes cannot be deemed to have been definitively settled until the tax returns filed have been reviewed by the tax authorities or until the four-year statute-of-limitations period has expired. The Company has the last four years open for review for all applicable taxes. The Company has open for review the last four years for all the other taxes applicable. Additionally, The Company has currently under review by the tax authorities years 2013, 2014, 2015 and 2016 for income taxes and years 2014, 2015 and 2016 for withholding taxes.

The Company's Directors consider that the tax returns for the aforementioned taxes have been filed correctly and, therefore, even in the event of discrepancies in the interpretation of current tax legislation in relation to the tax treatment afforded to certain transactions, such liabilities as might arise would not have a material effect on the accompanying financial statements.

8. Income and expenses

8.1 Revenue

In 2020 and 2019 the Company received the dividends described in Note 5.1 from Compañía de Distribución Integral Logista, S.A.U, amounting to EUR 385,860 thousand and EUR 162,398 thousand, respectively.

8.2 Staff costs

The balance of "Staff Costs" in the income statement for 2020 and 2019, amounting to EUR 1,038 and EUR 1,010 thousand, respectively, includes the expenses incurred directly by the Company in respect of remuneration of the Board of Directors. At 30 September 2020 and 2019, the Company did not have any employees.

Remuneration of Senior Executives

The senior executive functions are discharged by members of the Management Committee, which consists of 9 members at 30 September 2020 (11 members in 2019).

The functions of Senior Executives are discharged by the members of the Logista Group's Management Committee. The remuneration accrued in 2020 by the members of the Logista Group's Management Committee (excluding the executive directors), which is recognised in the financial statements of Compañía de Distribución Integral Logista, S.A.U., amounted to EUR 5,417 thousand (30 September 2019: EUR 4,583 thousand).

The period contributions to the savings schemes for members of the aforementioned Management Committee for 2020 and 2019 amounted to EUR 285 thousand and EUR 250 thousand, respectively.

8.3 Audit fees

In 2020 and 2019 the fees for individual and consolidated financial audit services provided by the auditor of the Company's financial statements, or by companies related to the auditor as a result of a relationship of control, common ownership or common management, were as follows:

	Thousand of Euros

From 30 September, 2020, to the date of preparation of the financial statements for 2020, fees charged for non-audit services provided by Ernst & Young, S.L. amounted to EUR 31.5 thousand (in 2019 the amount invoiced by the co-auditor PricewaterhouseCoopers Auditores, S.L. was EUR 34.9 thousand and by the co-auditor Deloitte, S.L. was EUR 10.3 thousand).

9. Balances and transactions with related parties

In 2020 and 2019 the Company received the dividends described in Note 5.1 from Compañía de Distribución Integral Logista, S.A.U.

As of 12 June 2014, Imperial Tobacco Enterprise Finance Limited, Compañía de Distribución Integral Logista Holdings, S.A., Compañía de Distribución Integral Logista, S.A.U. and Logista France, S.A.S., entered into a new mutual agreement for a five-year credit line (automatically renewable for one year, unless either of the parties sends a notice opposing such renewal at least one year prior to maturity), with a maximum draw down limit of EUR 2,000 million. As of 1 December 2015 the maximum draw down limit was increased to EUR 2,600 million. The purpose of this agreement is to govern the terms and conditions under which group companies will lend, on a daily basis, its cash surpluses to Imperial Tobacco Enterprise Finance Limited for the purpose of optimizing its cash flow, and the loans from Imperial Tobacco Enterprise Finance Limited to Compañía de Distribución Integral Logista, S.A.U. in order for the latter to be able to meet its cash needs arising from its operations.

Imperial Tobacco Enterprise Finance Limited changed its corporate name on February 29, 2016 to Imperial Brands Enterprise Finance Limited.

On 21 March 2018, Imperial Brands Enterprise Finance Limited transferred the rights and obligations under the aforementioned credit line agreement to Imperial Brands Finance PLC., and the maturity was extended to 12 June 2024 (automatically renewable for additional one-year periods, unless notified otherwise by any of the parties at least one year before maturity) with a maximum drawdown limit of EUR 2,600 million. On September 1, 2020, an addendum to the credit line agreement was signed in which the maximum drawdown limit was extended to EUR4,800 million until October 31, 2020, a period during which Imperial Brands is bound to repay the amounts loaned in excess of EUR 2,600 million if it loses investment grade based on the S&P or Moody's ratings. Additionally, the addendum stipulates that Imperial Brands PLC, as the head of the Group, guarantees Logista the fulfillment of all the obligations of the contract until the expiration of the same.

The daily balance of this internal current account earns interest at the European Central Bank interest rate, plus a spread of 0.75%. Interest is calculated daily on a 360-day basis and is added to the nominal value of the debt quarterly. In 2020 and 2019 there is no outstanding amount for the Company.

Under the aforementioned agreement, the Company has committed not to incur in any financial indebtedness with third parties not to pledge any of its assets but under qualified approval by the Board of Directors.

On 18 June 2014, Compañía de Distribución Integral Logista, S.A.U. and the Company entered into a credit line and cash pooling agreement, the amount and maturity of which were amended in addenda to the agreement. The drawable limit is EUR 115 million, and the maturity date is 30 September 2020. At the date of preparation of these financial statements, the parties had agreed to extend this agreement for an additional year. At 30 September 2020 the company had no amount drawn down against this credit

facility and had lent EUR 197,092 thousand (at 30 September 2019 the company had no amount drawn down against this credit facility and had lent EUR 41,733 thousand).

The average daily balance held under the aforementioned agreement has a cost equal to the European Central Bank rate plus a spread of 2.2% (with a 2.2% minimum) for credit drawdowns and earns interest at the same benchmark rate plus a spread of 0.75% for surplus cash loans. In 2020, the interest expense incurred as a result of the aforementioned agreement amounted to EUR 131 thousand (2019: EUR 116 thousand) and EUR 178 thousand of interest income (2019: EUR 46 thousand).

Also, the Company is head of, and responsible for the obligations of, the consolidated income tax group. Consequently, the Company recognised an account payable to Compañía de Distribución Integral Logista, S.A.U. of EUR 21,725 thousand under "Debts with Group Companies and Associates" (2019: EUR 12,405 thousand) (see Note 7).

In 2020 and 2019 the directors' third-party liability insurance amounted to EUR 66 thousand and EUR 45 thousand, respectively.

In 2020 and 2019 the Company did not perform with the directors any transactions outside the ordinary course of business or other than on an arm's length basis.

The Board's composition is seven male Directors and five female Director.

Information on conflicts of interests on the part of Directors

As per art.229 of the Law on Corporations, no Director has informed any situation of direct nor indirect conflict of interests with the Company.

10. Guarantee commitments to third parties and other contingent liabilities

The Company does not have guarantee commitments to third parties nor other contingent liabilities identified at 30 September 2020 and 2019.

11. Disclosures on the payment periods to suppliers. Additional Provision Three "Disclosure obligation" provided for in Law 15/2010, of 5 July

Set forth below are the disclosures -the detail of payments made to suppliers- required by Additional Provision Three of Law 15/2010, of 5 July (amended by Final Provision Two of Law 31/2014, of 3 December), prepared in accordance with the Spanish Accounting and Audit Institute (ICAC) Resolution of

29 January 2016 on the disclosures to be included in notes to financial statements in relation to the average period of payment to suppliers in commercial transactions.

	Days	
	2020	2019
Average period of payment to suppliers	27	20
Ratio of transactions settled	27	21
Ratio of transactions not yet settled	10	11

	Thousands of Euros	
	2020	2019
Total payments made	590	643
Total payments outstanding	1	48

In accordance with the ICAC Resolution, the average period of payment to suppliers was calculated by taking into account the commercial transactions relating to the supply of goods or services for which payment has accrued since the date of entry into force of Law 31/2014, of 3 December.

The figures shown in the foregoing table relate to suppliers of goods and services and, therefore, they include the figures relating to "Payable to Suppliers" and "Sundry Accounts Payable" under current liabilities in the balance sheet.

The maximum payment period applicable to the Company in 2020 under Law 11/2013, of 26 July, on combating late payment in commercial transactions, was 30 days unless the parties have entered into an agreement for a maximum period of 60 days.

12. Information on the environment

In matters concerning the environment, the Company complies strictly with all the requirements of applicable legislation and also looks for the best ways of reducing its environmental impact (waste reduction awareness campaigns and improvement of waste management; policies aimed at reducing atmospheric emissions and the use of water, electricity and paper; reduction of the use of containers and packaging by improving manufacturing processes, etc.). During the year ended at 30 September 2020 and 2019 the Company has not incurred in any expenses or performed any investment to protect and improve the environment.

13. Events after the reporting period

No significant events have occurred subsequent since the end of the year ended 30 September 2020.

14. Explanation added for translation to English

These financial statements are presented on the basis of the regulatory financial reporting framework applicable to the Company (see Note 2.1). Certain accounting practices applied by the Company that conform with that regulatory framework may not conform with other generally accepted accounting principles and rules. In the event of discrepancy, the Spanish-language version prevail.

Compañía de Distribución Integral Logista Holdings, S.A.

Directors Report for financial
year ended 30th September 2020

1. EVOLUTION AND POSITION OF THE COMPANY IN 2020

Due to its Holding Company condition, the Company has not operations and carries out its activity through its operating company, Compañía de Distribución Integral Logista, S.A.U. and rest of the Group's companies.

1.1 Research and Development activities

The Company did not make any investments in research and development activities in the fiscal year 2020.

1.2 Treasury shares

At 30 September 2020, the Company holds 522,273 own shares.

1.3 Outlook for the Company

As the Company is a holding company, the Company's outlook is linked to the performance of the companies that form the Group.

2. RISK EXPOSURE

The system of corporate Risk Management of the Company is included in the Group's General Policy on Risk Management, updated on 21st July, 2020, and intended to introduce an integrated system of risk management designed as a tool to help Logista's Board of Directors and Management to optimise results, thereby increasing their capacity to create and maintain value.

This Policy specifies the obligatory actions that have to be taken to control and manage external and internal risks of whatever kind that could at any time affect the achievement of Logista's objectives. It also assigns responsibilities, defines the categories of risks and the appetite for risk, sets out measures by which to manage it and to monitor the system regularly so that it also enables resources to be allocated efficiently, ensures the reliability of financial and non-financial information, sets the standards in relation to transparency and good corporate governance and enlarges the range of available opportunities.

The categories or types of risk are defined in this Policy, in the financial risks are included the fiscal risks deriving from operations of the Company.

Likewise, Fiscal strategy described at Fiscal Policy of Logista Group, of which the Company is the head, states, as part of its key objectives the following:

- To minimize the fiscal risks associated with the operations and strategic decisions of each company, ensuring that the tax payable is appropriate and in proportion to the operations of the Businesses, the material and human resources, and the business risks of the Group.
- To define the fiscal risks and determine the Objectives and Activities of internal Control, and to set up systems for reporting fiscal compliance and for keeping documentary records, integrated with the Group's General Framework of Internal Control.

Logista's General Policy on Internal Control, of 25th April, 2017, sets out the general framework for the control and management of the external and internal risks of whatever kind which, according to the Map of Risks in effect at any time, could affect the achievement of the Company's objectives.

The Company, considering its nature as entity of public interest due to its shares are trading in the Stock Market, and being the holding company of the Logista Group, presents as main risk derived from a possible incompliance of the regulatory framework to which it is subject. However, the Company presents a low tolerance respect this risk and has established policies, procedures and controls that allow to identify, prevent and mitigate this risk, as well as to comply with the obligations imposed by the various legislations applicable to it.

On the other hand, from a financial perspective, the main financial risks that the Company faces can be summarized in:

The Company's main financial assets are cash and loans to Group's companies that represent the Company's maximum exposure to credit risk. In general, the Company deposits its cash and cash equivalents in entities holding a high credit rating. Likewise, the Company presents an exposure to credit or counterparty risk with Imperial Brands by virtue of the subscribed treasury agreements.

The Company estimates that at 30 September 2020 the level of exposure to credit risk of its financial assets is not significant.

To ensure the liquidity and be able to pay all its payments commitments derived from its usual activities, the Company maintains enough cash and cash equivalents, as well as, credit lines through the subscribed treasury agreements, ultimately, with Imperial Brands Finance PLC, entity belonging to the group Imperial Brands PLC.

Respect the exposure to interest rate risk, considering the no-financial debt of the Company, the Management considers the impact from a potential increase in interest rates which could have in the attached annual accounts is not significant.

Also, the level of exposure to the net equity and the P&L account in terms of future changes in the current exchange rates is not relevant.

From a fiscal point of view, the main risk that the Company faces is derived from the possibility of modifications in the tax regulations, than might impact directly in the results and cash management of the Company.

Associated risks and expected effects on the business strategy and activities resulting from the decision of the United Kingdom to leave the European Union.

The Company belongs to the Imperial Brands Group that has its registered office in the United Kingdom. In this sense, the Company has valued the risk, as well as the possible impact that it might occur as the consequence of the exit of the United Kingdom from the European Union. As the Company has not significant investments, directly or indirectly, in foreign companies that operate in currency other than the euro, and does not carry out significant operations in countries with currency other than the euro, the possible effects from a cooling British economy, and/or from a possible currency volatility, might not have a highly impact in the development of the Logista Group's activities.

On the other hand, the contribution of the share capital by the shareholder Imperial Brands, as well as the credit line that maintains with the majority shareholders is in euro currency. In that sense, the Company does not have any type of financing by its shareholder in euros or in sterling. Therefore, it is not impacted from interest rate variations.

Uncertainty on the European directives on taxation remains, pending of the impact assessment, as well as the application of EU freedoms that will ultimately depend on the exit model of the United Kingdom of the EU.

Risk from the pandemic due to COVID-19

Due to the nature of the Company, without commercial activity, at the individual level it is not impacted by the risk of the COVID-19 pandemic. Although, given that it is the head of the Group, it could be indirectly affected by the evolution of the activity of said Group.

During this fiscal year the risk of a pandemic materialised due to the worldwide propagation of COVID-19, which produced a scenario of economic and political uncertainty and a worsening of the macroeconomic prospects in the countries in which the Group has a presence, which in turn affects the development of the Group's businesses, although this effect will be partially mitigated because of the nature of the businesses and activities and of the services provided by the Group, on which the current crisis is having less effect than in other sectors.

The Group, of which the Company is the head, has adapted its operations and its strategic and business plans to the situation now resulting from the coronavirus crisis, and has implemented corrective and contingency measures of various kinds which have enabled the operation of the business to continue. In addition, various measures have been taken to protect the Group's employees and collaborating partners.

As at 30/09/2020, the economic/financial impact of COVID in the Group's annual account, of which the Company is the head, amounted to -14 million euros.

3. USE OF FINANCIAL INSTRUMENTS

The Company does not perform transactions with financial instruments that might affect the correct measurement of the assets or liabilities recognised in the balance sheet.

4. SIGNIFICANT EVENTS FOR THE COMPANY AFTER THE REPORTING PERIOD

No events significantly affecting the accompanying financial statements took place after the end of the fiscal year 2020.

C.1.5 State whether the company has diversity policies in relation to the Board of Directors of the company on such questions as age, gender, disability and training and professional experience. Small and medium-sized enterprises, in accordance with the definition set out in the Accounts Audit Act, will have to report at least the policy they have implemented in relation to gender diversity.

Yes

No

Partial policies

Should this be the case, describe these diversity policies, their objectives, the measures and way in which they have been applied and their results over the year. Also state the specific measures adopted by the Board of Directors and the appointments and remuneration committee to achieve a balanced and diverse presence of directors.

In the event that the company does not apply a diversity policy, explain the reasons why.

Description of policies, objectives, measures and how they have been implemented, including results achieved
--

The Board of Directors of the Company, of 19 December 2017, approved the Policy on Selection of Board Members, based, among other principles, on "gender diversity, experience and knowledge."

The Policy also establishes that "the Board of Directors will ensure that the procedures for selecting its members promote diversity of gender, experience and knowledge, have no latent bias which could involve discrimination of any kind, and in particular, facilitate the selection of female Board Members."

In this field, the Company plays an important role in relation with the independent Directors selection. When appointing independent Directors, the Appointments and Remuneration Committee proposes the most convenient candidate, with the best knowledge and experience, bearing in mind all diversity issues and in particular, those related to gender diversity. Moreover, this policy applies equally to the Proprietary Directors appointment, without prejudice of the Shareholders proportional representation right as per the applicable legislation.

In the last financial year, there has been a major renewal of the members of the Board, in which the issue of gender diversity has been particularly considered. The Board proposed the extension of the number of Directors to 12, and considering its firm commitment to gender diversity, submitted to the General Shareholders' Meeting the proposal for the appointment of three new female Directors and the ratification and appointment of one female Director that it had appointed by co-optation. As a result, five female Directors currently sit on the Board of Directors, representing 42% of the total Board members.

C.1.6 Describe the means, if any, agreed upon by the appointments committee to ensure that selection procedures do not contain hidden biases which impede the selection of female directors and that the company deliberately seeks and includes women who meet the target professional profile among potential candidates and which makes it possible to achieve a balance between men and women:

Explanation of means
See Section C.1.5 above

In the event that there are few or no female directors in spite of any measures adopted, please explain the reasons that justify such a situation:

Explanation of means
Not applicable

C.1.7 Describe the conclusions of the appointments committee regarding verification of compliance with the selection policy for directors; in particular, as it relates to the goal of ensuring that the number of female directors represents at least 30% of the total membership of the Board of Directors by the year 2020.

The Company has fully met this objective and has even achieved in advance the new 40% objective set out in the amendment of the recommendations for Good Governance approved by the CNMV in June 2020, which raised this target to 40% in 2022. As indicated in the paragraph C.1.5 above the female presence in the Board is 42% including one Executive Director.

C.1.8 If applicable, please explain the reasons for the appointment of any proprietary directors at the request of shareholders with less than a 3% equity interest:

Name of shareholder	Reason
N/A

C.1.15 State whether the Board rules were amended during the year:

Yes

No

In line with the new wording of Recommendation 22 of the Good Governance Code of Listed Companies, the wording of Article 26 of the Board of Directors' Regulations has been amended so that the Board has the duty to immediately analyse issues relating to Directors who may affect the Company's credit and reputation, without waiting for certain legal proceedings. Moreover, the articles 10 and 11 of the Board Regulations were amended in order to establish that the Chairman has to be appointed among the Independent Directors, adjusting also the Chairman substitution mechanism.

C.1.16 Specify the procedures for selection, appointment, re-election and removal of directors: the competent bodies, steps to follow and criteria applied in each procedure.

Directors' Selection

LOGISTA has a Policy on Selection of Board Members, approved by the Board of Directors of December 19, 2017, based on the principles of non-discrimination and equal treatment, gender diversity, experience, knowledge, transparency and compliance with the good governance recommendations. In this same vein, the Appointments and Remuneration Committee of June 2020 approved an Action Plan in order to implement the Recommendations of the Technical Guide of the CNMV in relation to Appointments and Remuneration Committees, and subsequently, the Board of Directors of September 2020 approved a skill matrix for the Board, to be considered in the future selection processes.

The Board of Directors and the Appointments and Remuneration Committee, within the scope of their competencies, shall endeavour to ensure that the candidates fulfil the principles established in the Policy on Selection of Board Members, and shall be particularly rigorous in choosing the persons to cover the posts of Independent Directors. Such principles should also be required to those individuals representing legal entities Directors.

The Directors of the Company may become part at the same time, and with the limitation provided by Law, of a maximum of nine boards of directors of listed companies other than the Company (Article 23 of the Board of Directors' Regulations).

Directors' Appointments

The appointment, ratification, re-election and removal of Directors correspond to the General Meeting, without prejudice to the authority of the Board of Directors to make appointments by co-option, according to Law.

Proposal of appointment or re-election of Directors corresponds to the Appointments and Remuneration Committee, in the case of independent Directors, and to the Board of Directors itself, in other cases.

The proposal of appointment, re-election or removal of any non-independent Director must be preceded by a report of the Appointments and Remuneration Committee, as well as of a justifying report of the Board of Directors, which evaluates the competence, experience and merits of the proposed candidate.

Re-election of Directors

The proposals for re-election of Directors that the Board of Directors decides to present to the General Meeting of Shareholders shall be subject to a formal procedure, which must necessarily include a report issued by the Appointments and Remuneration Committee in which the quality of work and dedication to the post of the proposed Directors during the preceding term of office is evaluated.

Term of office

Directors shall occupy their post during the period established in the By-Laws, which shall in no case exceed four years, and may be re-elected.

Removal of Directors

In accordance with the provisions of Article 26 of the Board of Directors' Regulations, (which wording has been adapted to the new good governance recommendations), Directors shall leave their position when the term for which they were appointed ends and when so decided at the General Shareholders' Meeting, or when the Board of Directors requests it, in the use of the attributes accorded both to the General Shareholders' Meeting and to the Board by Law or by the By-Laws.

Directors must place their position at the disposal of the Board of Directors and if the Board deems appropriate, formally resign as a Director.

The Board of Directors may only propose the removal of independent Directors before the expiry of their statutory term of office, when they find due cause, based on a previous report from the Appointments and Remuneration Committee.

To these effects, due cause will be presumed when Directors take up new positions or responsibilities that prevent them from allocating sufficient time to the performance of a Board member' duties, or cause them to be in breach of their fiduciary duties or come under one of the disqualifying grounds for classification as independent. Such removal of independent Directors may also be proposed when a takeover bid, merger or similar corporate transactions alter the Company's capital structure.

Debates and Voting

In accordance with the provisions in article 27 of the Board Regulations, Directors concerned with any appointment, re-election or removal proposals will not intervene in debates and voting on those matters.

C.1.17 Explain how the annual evaluation of the Board has given rise to significant changes in its internal organisation and to procedures applicable to its activities:

In line with what was detected in previous reviews, a new impetus has been given to the process of optimizing the information made available to the Board as well as to the earlier provision of it. A new IT platform has been implemented that facilitates access and availability of information for all Directors at any time, and ensures its confidentiality.

As a result of the 2020 self-assessment the Board of Directors has approved an Action Plan in the following terms:

1. To provide more time for debate: moving the Appointment and Remuneration Committee the day before of the Board of Directors meeting

2. To reinforce the face-to-face contact between the Board members and the Management of the Company, inviting such Managers in the Board of Directors meetings to facilitate such interaction
3. To reinforce the professional training of the Board members with the approval of an induction plan
4. Approve the Chairman and CEO Succession Plan.

Describe the evaluation process and the areas evaluated by the Board of Directors with the help, if any, of external advisors, regarding the function and composition of the board and its committees and any other area or aspect that has been evaluated.

The self-assessment in relation to fiscal year 2019-2020, was referred the following:

1. The Board of Directors of the Company, in the followings aspects:
 - General questions
 - Meetings of the Board
 - Functions and Responsibilities
 - Composition
2. The Audit and Control Committee, in the following aspects:
 - Composition
 - General questions
 - Meetings
 - Functions and Responsibilities
3. The Appointments and Remuneration Committee, in the following aspects:
 - Composition
 - General questions
 - Meetings
 - Functions and Responsibilities
- 4.- The Chairman of the Board (Performance)
- 5.- The CEO (Performance)
- 6.- The Secretary of the Board (Performance)

In accordance with recommendation 36 of the CNMV Code of Good Governance, and since external advice had been provided in the previous financial year for this process, no external advice has been hired in the 2019-2020 self-assessment, although the accumulated experience of previous external assessments has been valued in the current process.

C.1.18 Describe, in those years in which the external advisor has participated, the business relationships that the external advisor or any group company maintains with the company or any company in its group.

Not applicable

C.1.19 State the situations in which directors are required to resign.

In accordance with article 26 of the Board Regulations, Directors shall cease in their position when the term of office they were appointed for has expired, and when decided by the General Shareholders Meeting, or when requested by the Board of Directors, in accordance with paragraph 2 below, in use of the powers conferred by law or by by-laws:

“2. Directors must place their post at the disposal of the Board of Directors and formally resign as a Director, if the Board of Directors considers it appropriate based on the following counts:

- a) When they are removed from the executive positions to which their appointment as Directors was associated;
- b) When they are involved in any of the scenarios of incompatibility or prohibition envisaged by law;
- c) When Directors have performed acts that are contrary to the diligence with which they are obliged to perform their duties, infringed their duties and obligations as Directors;
- d) When their presence on the Board could jeopardise the interests of LOGISTA or cause serious damage to LOGISTA's good name. In particular, Directors should inform the Board of any criminal charges brought against them and the progress of any subsequent trial;
- e) When, after analysis by the Board itself, the Board determines that there are situations affecting the Director, whether or not relating to his performance in the Company, which damage the Company's credit and reputation.

For this purpose, the Director shall immediately inform the Board of any situation affecting him/her which could damage such credit and reputation and, in particular, of any criminal cases in which they appear as prosecuted, as well as, where appropriate, of their procedural vicissitudes. The Board of Directors should open an investigation as soon as possible and, in light of the particular circumstances, decide, following a report of the Appointments and Remuneration Committee, whether or not to take any measures, such as opening an internal investigation, requesting the resignation of the Director or proposing his/her dismissal.

The Board should give a reasoned account of all such determinations in the Annual Corporate Governance Report, unless there are special circumstances to justify it, which must be recorded in the minutes. This is detrimental to the information that the Company is to disseminate, if appropriate, at the time of the adoption of the corresponding measures.

- f) When a Director representing a significant shareholder notifies GRUPO LOGISTA, at any time, of the decision of the shareholder not to reappoint him at the end of his term, or when the significant shareholder transfers all its shareholding in GRUPO LOGISTA. Additionally, if such shareholders reduce their stake, thereby losing some of their entitlement to appoint Directors, the latter's number should be reduced accordingly. “

It also be noted that the paragraph e) above was amended to incorporate the news CNMV good governance recommendations.

C.1.20 Are qualified majorities other than those established by law required for any specific decision?

Yes

No

If so, please describe any differences.

According to the provisions of Article 38 of the Company By-Laws, the Board shall approve resolutions by absolute majority of the Directors attending the meeting, either in person or via proxy. Notwithstanding the above, the adoption of any resolutions related to any of the matters set out below will require the positive vote of at least 70% of the Directors, as rounded up in case that the application of that percentage does not result in a whole number of Directors, that form part of the Board of Directors and will not be delegated:

- a) any increase or reduction in the share capital of the Company in accordance with article 7 of these By-laws, or the issuance by the Company of any bonds or securities pursuant to Title III of these By-laws.
- b) the approval of an annual plan in relation to the capital expenditure, investments and other funding commitments to be carried out by the Company in the following year (the "Annual Capex Plan");
- c) the acquisition of all or part of any business of any third party whether by way of the purchase (whether direct or indirect) of shares, assets or other like interests of any third party (including by way of merger or business combination) by the Company or any member of its Group;
- d) the disposal of all or part of any business to any third party whether by way of the disposal (whether direct or indirect) of shares, assets or other like interests (including by way of merger or business combination) by the Company or any member of its Group;
- e) any decision of the Company to enter into any partnership or joint venture or any other arrangement to share or distribute profits or assets;
- f) any decision of the Company to incur or agree to incur, whether directly or indirectly, any capital expenditure, investment or other funding commitment in respect of any matter in excess of €1,000,000 in aggregate save to the extent that such capital expenditure, investment or other funding commitment (including the amount of such capital expenditure, investment or other funding commitment) is set out in the Annual Capex Plan for that period that has been approved in accordance with section (b) above;
- g) any decision of the Company to amend the terms of its borrowing or indebtedness in the nature of borrowing or grant guarantees, or to create or incur borrowing or indebtedness in the nature of new borrowing
- h) the creation of any mortgage, pledge, lien, charge, assignment of any of such securities, hypothecation or other security interest in relation to the Company, other than a security interest created by operation of law as a result of the ordinary course of business of the Company; and
- i) any decision to delegate any powers of the Board of Directors to a Managing Director, or to delegate any powers of the Board to any Committee of the Board.

For the purposes of counting the majority of members of the Board of Directors for the adoption of the abovementioned resolutions, the members of the Board that may be under

a conflict of interest and that shall abstain from voting, shall be discounted from the total number of members of the Board on which shall be calculated said majority.

Yes No

Identify, where appropriate, the person(s) who have/have certified the company's individual and consolidated annual accounts for formulation by the board

Mr. Manuel Suárez Noriega, Chief Financial Officer

C.1.28 Explain any measures established by the Board of Directors to prevent the individual and consolidated financial statements prepared by the Board from being submitted to the General Shareholders' Meeting with a qualified audit opinion.

In accordance with the provisions of Article 17.2 of the Board of Directors' Regulations and of Article 5.1 of the Audit and Control Committee rules, the Audit and Control Committee, in what refers to its responsibilities in relation to the control of financial information, shall supervise that the Board of Directors can present the Company's accounts to the General Meeting without limitations or qualifications in the auditor's report. In the exceptional case that qualifications exist, both the Chairman of the Audit and Control Committee and the auditors should give a clear account to shareholders of their scope and content.

For this purpose, the following measures have been set out:

1. Prior analysis of economic and financial information, including the analysis of the main assumptions and magnitudes, changes in the consolidation perimeter, and evaluation of the potential impacts arising from changes in the Accounting Standards.
2. Supervision of the annual planning of the audit of accounts, as well as the Internal Control System of Financial Information and the Statement of non-financial information.
3. Quarterly attendance of external auditors, in joint action, which allows managing in advance possible aspects that could have a significant financial impact on the Group's assets, results or reputation.
4. Annual attendance of external auditors to detail the results of their Audit work.

Historically, the Company's audit opinion reports have been filed without qualification.

C.1.29 Is the secretary of the Board also a director?

Yes No

C.1.30 State, if any, the concrete measures established by the entity to ensure the independence of its external auditors, financial analysts, investment banks, and rating agencies, including how legal provisions have been implemented in practice.

Relations of the Board with external auditors will take place via the Audit and Control Committee.

The Board of Directors shall refrain from hiring those audit firms whose projected fees including all items exceed five per cent of its total revenues during the previous financial year.

The Board of Directors shall make public the total fees paid to the audit firm for services other than accounts auditing.

In addition, the Audit and Control Committee has among its competencies, the following:

- Establish appropriate relationships with external auditors or audit firms to gather information on those matters which may threaten his/her independence for examination by the Committee, and any other matters relative to the development of Account auditing, and when appropriate, authorise services other than those prohibited under the conditions provided in the relevant regulations regarding the independence of auditors, as well as any other communications schedules in Account auditing legislation and Auditing technical regulations. In any event, it must receive from the external auditors or audit firms a written declaration on an annual basis of their independence against the Logista Group or entities directly or indirectly related thereto, as well as detailed information on an individual basis about additional services of any kind provided to and the corresponding fees received from such entities by such auditors or persons or entities related thereto, pursuant to the Laws on auditing accounts. The Committee shall ensure that the Company and the external auditor adhere to current regulations on the provision of non-audit services, limits on the concentration of the auditor's business and other requirements concerning auditor independence.

In this regard, the Committee shall ensure that the remuneration of the external auditor does not compromise its quality or independence.

- On an annual basis, prior to the audit report, issue a report containing an opinion on the independence of the auditors and on whether the independence of auditors and audit firms has been compromised. This report, which shall be published in the Logista Group website well in advance of the Annual General Meeting, in any event must cover a detailed evaluation of the provision of each and every additional service referred to in the preceding section, taken individually and as a whole, other than the legal audit, as regards independence of the auditors and regulations governing account audit activities.

The Audit and Control Committee annually approves a Report on the Independence of the Auditor of Accounts, containing all relevant information on the services engaged and the Committees' analysis of independence, in particular that relating to the total amount of fees received, in accordance with Article 46.2 of the Board of Directors Regulations.

In this sense, the "Policy on Investments, Divestments and other actions of the Logista Group", provides that any request for additional services from any corporate or business unit, must be authorized by the Corporate Directorate of Finance. Once authorized, the Corporate Directorate of Finance submits it to the Committee for analysis and for its

inclusion on the agenda of the relevant meeting. To this end, the corresponding documentation is prepared, detailing the proposed service, its need, economic amount, its characteristics and conditions, the justification that it is not a prohibited service and an extract of the reference legislation to facilitate an assessment by the members of the Committee. Once included in the Agenda, the said documentation is forwarded before the meeting to all members of the Committee for further analysis.

The Corporate Director of Finance attends the meeting of the Committee, whose members may ask additional questions on the specific proposal. After the corresponding explanations, the Committee evaluates such proposal, requesting additional information or clarification from any employee of the Company or from the auditors themselves, and approves it, if it deems appropriate. The proposal is recorded in the minutes of the meeting, as well as any additional guidelines that the Committee may have given in relation to the proposal.

In accordance with the Company's Policy of Information and Communications with Shareholders, Securities Markets and Public Opinion, meetings with analysts, investors and communication media should be planned in advance, so that, in no case, any information which could place them in a privileged or advantageous situation is delivered to them.

The call will be effectuated with a minimum notice of two days.

Except for justified cause, the call will include an agenda for the meeting and will be accompanied by a summary of all the necessary information relevant to deliberation and adoption of resolutions regarding the matters to be considered.

Absent just cause, the call will include the agenda for the meeting and will attach a summary of the necessary information relevant to deliberation and adoption of resolutions regarding the matters to be considered, clearly indicating on which points Directors must arrive at a decision, so they can study the matter beforehand or gather together the material they need.

In the event that, for reasons of urgency, the Chairman may wish to present decisions or

resolutions for Board approval that were not on the meeting agenda, their inclusion will require the express prior consent, duly minuted, of the majority of Directors present.

Furthermore, Article 33 of the Board Regulations sets as one of the obligations of the Director, to gather information and prepare suitably for Board meetings as well as meetings of the delegated bodies or Committees he is a member of.

Finally, and according to Article 28 of the Board Regulations, Directors have the duty to demand and the right to receive from the Company such appropriate and necessary information allowing them to fulfil their obligations. This right to information is extensible to all the companies of the Company Group, whether these are national or foreign.

With the aim of not disturbing the ordinary management of the Company, the exercise of information duties will be channelled through the Chairman, Managing Director or the Secretary of the Board of Directors, who will assist the Director's request providing the information directly, facilitating contacts with the relevant department in the organisation or deciding on the measures so that examination tasks may be performed in situ.

C.1.36 State whether the company has established rules whereby directors must provide information regarding and, if applicable, resign, in circumstances that may damage the company's standing and reputation. If so, provide details:

C.2.3 State, where applicable, the existence of any regulations governing Board committees, where these regulations may be found, and any amendments made to them during the year. Also state whether any annual reports on the activities of each committee have been voluntarily prepared.

Besides the Capital Companies Act, the By-Laws of the Company (Articles 41 to 43 bis) and the Board of Directors' Regulations (Articles 15 to 18) contain the rules governing the Board Committees.

The Audit and Control Committee is also governed by its own Regulations, which has been modified during the year to adapt it to the Recommendations of the Good Governance Code for listed Companies of the CNMV (June 2020) in relation with the monitoring of non-financial information and reinforce the whistleblower channel.

Also, during this year, the Rules of the Board of Directors were amended as follows: (i) the article 26 e) has been adapted to the new recommendations of the good governance code for listed companies of the CNMV regarding the cessation due to reputational reasons and (ii) articles 10 and 11 have been modified the Chairman needs to be designated among the Independent Members and regulate his/her substitution mechanism.

D RELATED-PARTY AND INTRAGROUP TRANSACTIONS

D.1 Describe, if applicable, the procedure for approval of related-party and intragroup transactions.

Article 39 of the Board of Directors' Regulations state that the Board formally reserves the knowledge and authorization, previous report of the Audit and Control Committee, of Related-Party Transactions (Transactions of the Company with Directors or with significant shareholders), except for such matters that are legally within the competence of the General Meeting. To authorise, if appropriate, the Related-Party Transactions, the Board of Directors first and foremost shall serve the interests of the Company, evaluating the transaction from the standpoint of equitable treatment of shareholders and market conditions.

No authorisation of the Board of Directors shall be required in connection with Related-Party Transactions that simultaneously satisfy the following three conditions: (i) that they are conducted under contracts whose terms and conditions are standardised and apply on an across-the-board basis to many customers; (ii) that they are conducted at prices or rates established generally by the party acting as supplier of the goods or services in question; (iii) that the amount thereof does not exceed one per cent of the Company's annual revenues.

In the case of ordinary transactions that are not subject to the Board's authorisation, a general authorisation of the line of operations and its execution conditions shall be sufficient.

The Directors affected by the related-party transaction, either personally, or to the shareholders whom they represent in the Board, in addition to not intervene in the decision or exercise or delegate their right to vote, they will be absent from the meeting room, while the Board deliberates and votes on the related-party transaction.

The Company shall report on the mentioned related-party transaction mentioned, in the Annual Report on Corporate Governance, in the regulated financial information, and in the notes to the Financial Statements, to the extent by Law.

Likewise, Article 34 of the Board Regulations states that Directors shall report to the Board of Directors any situations involving a direct or indirect conflict, either personally or through persons linked to him, with the interests of the Company or the companies in its Group.

Also, the Framework Agreement dated 12 June 2014, signed between the Company and Imperial Brands PLC (formerly named Imperial Tobacco Group) establishes that all Related-Party Transactions and, in general, any transaction that may pose a conflict of interest affecting the Logista Group and the IB Group should be arranged under market conditions that, according to the circumstances, would have been reasonably stipulated by two independent operators and in accordance with the principle of equal treatment of shareholders and the principle of neutrality established in that same Framework Agreement.

D.2 Describe any transactions which are significant, either because of the amount involved or subject matter, entered into between the company or entities within its group and the company's significant shareholders:

Name of significant shareholder	Name of company within the group	Nature of the relationship	Type of transaction	Amount (thousand euros)
Altadis S.A.U.	Compañía de Distribución Integral Logista, S.A.U.	Commercial	Purchase of finished or not finished goods	316,785
Altadis S.A.U.	Compañía de Distribución Integral Logista, S.A.U.	Commercial	Services performance	8,533
Imperial Brands Finance Plc	Compañía de Distribución Integral Logista, S.A.U.	Contractual	Collected interests	16,495

D.3 Describe any transactions that are significant, either because of their amount or subject matter, entered into between the company or entities within its group and directors or managers of the company:

N/A

D.4 Report any material transactions carried out by the company with other entities belonging to the same group, provided that these are not eliminated in the preparation of the consolidated financial statements and do not form part of the company's ordinary business activities in terms of their purpose and conditions.

In any event, note any intragroup transaction conducted with entities established in countries or territories which are considered tax havens:

N/A

D.5 State the amount of any transactions conducted with other related parties that have not been reported in the previous sections.

Name of the related party	Description of the transaction	Amount (thousand euros)
SEITA	Purchase of finished or not finished goods	243,706

D.6 Describe the mechanisms in place to detect, determine and resolve potential conflicts of interest between the company and/or its group and its directors, senior management or significant shareholders.

Article 34 of the Board Regulations rules the conflict of interest that may affect Directors and their related parties, requiring both of them to (i) report to the Board of Directors any situation involving a direct or indirect conflict, either personally or through persons linked to them, with the Company's interests and (ii) refrain from

intervening in the agreements or decisions relating to the transaction to which the conflict of interests refers.

Related persons are the persons described in article 231 of the Spanish Companies Act ("Ley de Sociedades de Capital").

The Director should report any stakes held directly or indirectly and personally or by related persons in the share capital of a company with the same, similar or complementary activity that constitutes the corporate purpose, as well as positions or functions they discharge, as well as performing either personally or for another party similar or complementary activities, to the ones which constitutes the social purpose of the Company.

Directors should abstain in engaging in professional or commercial transactions with the Company unless the situation of conflict of interests is reported previously and the Board, subject to a report from the Audit and Control Committee, approves the transaction.

D.7 Is there more than one company in the group listed in Spain?

Yes

No

E RISK MANAGEMENT AND CONTROL SYSTEMS

E.1 Explain the scope of the company's Risk Management and Control System, including tax compliance risk.

The Corporate Risk Management System of the Company and its subsidiaries (hereafter, "the Group" or "Logista") is set forth in the Risks Management General Policy updated on July 21st 2020.

The Company's General Risk Management Policy, applicable to each of the businesses and countries as well as to the corporate areas, aims to implement an integrated risk management system, in order to provide a tool to Logista's Board of Directors and Management to optimize results, in order to improve their capacities to create, preserve and, ultimately, achieve value.

This Policy establishes the action commitments for the control and management of external and internal risks, of any nature, that may affect Logista at any time in order to achieve its objectives, specifically:

- **To implement an integrated risk management system** and provide a comprehensive and joint vision of them, **which allows identifying and managing risk throughout Logista**, thus improving the ability of Management to manage Risks efficiently and support decision-making.
- **To allocate responsibilities to participants**, defining the roles and responsibilities of the different bodies involved in Risk Management System.
- **Consider, in a general, a predefined typology of risks:** to generally define the categories or types of risk, financial and non-financial that may affect the group, classified in environmental, business, and financial, compliance, operational and technological and reputational. Among the Risks of a financial nature, the tax Risks derived from Logista's operations are include.
- **To determine the risk profile or Risk Appetite.**
- **To establish measures foreseen to Risk Management.**
- **Periodically supervise the risk management model:** evaluating the adequacy of risks classification considering the environment and Logista reality, as well as the correct operation of the Risk Management Model.
- **To allow an efficient allocation of resources.**
- **To ensure reliability of Financial and non-financial Information**
- **To define guidelines for transparency and Good Corporate Govern**
- **To increase the range of opportunities available**

Therefore, Fiscal strategy described at Fiscal Policy of the Company, states, as part of its key objectives the following:

- **To minimize the fiscal Risks associated with the Company's operations and strategic decisions**, thus ensuring that the tax payable is appropriate and in proportion to the operations of the Businesses, the material and human resources, and the business Risks of the Group.
- **To define the fiscal Risks and determine the Objectives and Activities of Internal Control**, and to set up systems for reporting fiscal compliance and for keeping

documentary records, integrated with the Group's General Framework of Internal Control.

On the other hand, the Group's Internal Control General Policy of April 25th, 2017, establishes a general action framework for controlling and management of internal and external Risks of any nature, which may affect Logista, in accordance with the Risk Map in place at all times in the achievement of its objectives.

The Risk Management methodology used is developed according to the following scheme, as described in its Risk Management Procedure: establishment of objectives and context, identification of potential Risks, analysis of Risks, evaluation of Risks (impact, probability of occurrence and speed), risk treatment (assume, mitigate, transfer, eliminate and pursue), control and continuous review of the Risk Management process, information and communication.

Additionally, it considers the different risk tolerances when rating each gross risk quantitatively and qualitatively based on certain impact assessment criteria that allow determining its position within the general risk appetite scheme.

The criteria used to determine the impact are: regulatory, economic-financial, legal and compliance, health and safety, impact on processes, reputational and strategic.

Once the risks have been evaluated, based on these criteria, together with the assessments of the probability of occurrence of the Risks, the determination of their speed based on the estimation of their occurrence and the assessment of the risk tolerance, the risks are transferred and incorporated into the tools used in the Risk Management System (Risk Register and Risk Maps), in order to inform and correctly monitor them by the corresponding bodies.

On the other hand, Logista counts with criminal risk prevention models, in which risk events according to the activities carried out by Logista, are identified and evaluated, as well as the controls for their prevention, mitigation and detection, including those responsible for its execution and its independent verification. Tax offences are included among the list of crimes that have been considered in the model for their prevention.

E.2 Identify the bodies within the company responsible for creating and executing the Risk Management and Control System, including tax compliance risk.

The Company's Risk Management Procedure also establishes the following roles and responsibilities:

The Board of Directors

Among its non-delegable faculties, the Board of Directors has to approve the general policies and strategies of the Group and among them, the control and Risk Management Policy, including tax Risks, as well as the supervision of the internal reporting and control systems, in particular those for financial information.

Likewise, it corresponds to determine the level of risk to be assumed by the organization, ensure that the Audit and Control Committee has the necessary powers to carry out its task, and supervise the operation of the Audit and Control Committee.

The Audit and Control Committee

Among others, the Audit and Control Committee shall have the following competencies in relation to the supervision of the management and control of Risks, according to its Regulation:

- i. Supervising the effectiveness of the Company's Risk systems, reviewing the appointment and replacement of the managers, and also, when appropriate, submitting recommendations or proposals to the Board of Directors, and the corresponding period for their following-up. Supervising the Risk control and management unit.
- ii. Reevaluate, at least annually, the list of the most significant financial and non-financial risks and assess their tolerance level, proposing their adjustment to the Board, if applicable.
- iii. Hold, at least annually, a meeting with managers of business units in which they explain business trends and associated risks.

The Internal Control Committee

This Committee depends on the Audit and Control Committee, hierarchical and functionally.

The Internal Control Committee is designated as the risk and control management function, having among its basic functions, to promote and coordinate the work for annually updating the Group's Risk Map and propose approval to the competent bodies.

In relation with the Penal Risks Prevention Model, the Internal Control Committee also acts as Unit of Control and Follow-Up of Penal Risks, in relation with the direct penal responsibility of the legal persons, established by Spanish laws.

The Logista Group Internal Control Committee is comprised of the Corporate Financial Director, who acts as Chairman, the Internal Control Director, the Human Resources Director, a representative of the Legal Department, the Corporate Resources Director as well as the General Managers of the three most important businesses of the Group, acting the Internal Control Director as Secretary.

The Corporate Internal Audit Directorate

The Corporate Internal Audit Directorate has the responsibility of:

- Preparing the Group's Procedures and criteria for the Risks Management, and controlling those approved by the Board of Directors for the Risks Management.
- Ensure the proper application of the procedures and criteria approved by the Board of Directors for Risk Management, giving support and assurance to Risk Responsible in all those issues related to Risk Management
- Coordinating the development and regular updating the Group's Risks Map and regularly reporting to the Audit and Control Committee, who will report to the Board, on the appearance of new Risks, the evolution of the identified Risks the extent of implementation of the approved action plans and the general manner of functioning of the Group's System of Risks Management.
- Inform about the Risks that may have materialized, indicating the circumstances that have motivated them and if the established control systems have worked.

Process Owner:

Employees responsible for the design, process development and detection of Risks and opportunities that may affect them. They are also responsible for the implementation of policies and Internal Control standards. They should identify the Risks of the Process and the Internal Control Activities that have to be performed in order to avoid or reduce those Risks, as well as monitoring them and supporting and reporting to the Internal Control Coordinators.

Internal Control Coordinators:

They are responsible for promoting the implementation, development and coordination of the Internal Control System. Generally, this function will be occupied by financial officers of the Business and Corporate Management that makes up the Group.

Control Owner:

Employees responsible for carrying out the Control Activities defined in the Internal Control System and for informing the Process Owner, through reporting, of their results. When appropriate, they must suggest improvements and corrective measures to improve the design and effectiveness of the Control Activities, and they must at all times follow the directives in relation to the Risks Management.

E.3 State the primary risks, including tax compliance risks, and those deriving from corruption (with the scope of these risks as set out in Royal Decree Law 18/2017), to the extent that these are significant, which may affect the achievement of business objectives.

Environment Risks:

- The current situation is marked by the coronavirus pandemic, with a general deterioration in the macroeconomic prospects, especially in employment, consumption and economic growth, reaching to a situation of generalized economic recession, which could affect the evolution of the Group's businesses.
- Derived from the economic crisis and in the face of an increase in unemployment rates, there is a risk that illicit trade and tobacco smuggling will increase significantly, which could negatively affect the volumes of tobacco distributed
- The evolution of the different activities in the geographical areas in which the Group operates may be affected by an alteration in the political, social and/or in the macroeconomic conditions worldwide and in particular by the conditions existing in Spain, France, Italy, Portugal and Poland, and the Group may be subject to new regulations, as well as structural changes that could affect the purchasing power of customers and changes in consumption habits and patterns.

Business Risks:

- Liberalization in the main markets where the Group operates as tobacco products authorized distributor where currently exists a State monopoly for retail sale of these products could affect results, if the measures already planned by the Group were not implemented.
- Risk that due to the application of new anti-smoking policies by the governments in which the Group is present or at a general level by the EU, changes in consumption habits, as well as a significant increase in taxes or prices, will cause an acceleration in the rate reduction in tobacco consumption and an increase in illicit trade, being the

Group unable to compensate this decline with growth in the activity of other businesses such as convenience or pharma.

Operational and Technological Risks:

- Damages to systems as a result of deliberate attacks by third parties, as the Group is exposed to threats and vulnerabilities due to the regular use of information technologies and systems in the development of its activities, which may jeopardize the protection of the information and the continuity of the systems, including compromising the privacy and integrity of the information, or suffering data theft or fraud.
- Theft of tobacco in facilities and during transport associated to increases in insurance premiums.
- In the event of great magnitude, there is a risk of stoppage of operations, or that the continuity plans envisaged to manage disaster scenarios in the required times and conditions, do not allow to ensure the levels of services, nor the availability of the information systems.
- Lack of appropriate successors in critical positions can have an impact on the achievement of strategic objectives, affecting the normal course of operations, the transfer of know-how and in the decision-making process.

Regulatory Compliance Risks:

- Logista's Businesses are subject to compliance of numerous general and industry laws and regulations, with European, national, regional and local reach, in every country where it operates, exposing the Group to potential failures to comply and the corresponding sanctions or claims and, on the other hand, to increasing costs for supervision of compliance and control.
- In the ordinary course of its activities, the Company could be involved in litigation, either as a claimant or a defendant, derived from a potential interpretation of laws, regulations or contracts, as well as the result of legal actions that could be carried out, the results of which are, by nature, uncertain.

Financial Risks/ Tax Risks:

- Like any other wholesale business, payment cycles for products purchased from tobacco manufacturers and point-of-sale collection cycles do not match. Along with this, the Logista Group's payment of its tax obligations to the tax authorities is made in a different cycle from that of manufacturers and points of sale. In case of liquidity needs of the governments of the countries in which the group operates, any potential change in the tax payment cycles, as well as a potential significant increase in taxes, (for example: VAT and special taxes), would derive in a negative effect for the business, since it would cause a worsening of the prospects of the financial situation, the operating result, and the cash management of the Group.
- The main activity of tobacco sales is subject to specific tax regulations, which in turn are complex due to the different geographical segments in which the Group operates. In this sense, there are different tax disputes pending of resolution that require value judgments by Logista in order to estimate the probability that these liabilities will materialize, for which the risk is provisioned based on the opinion of legal experts and the possibility of passing them on to third parties. Currently, the Group has certain years subject to inspection on certain taxes.

- One of the fundamental objectives of the Group is to preserve the value of the Group's assets, by analysing and preventing risks and optimizing the management of major claims. However, there is a risk of impairment in the fair value of assets, in relation to the high Registered Goodwill, given that the Group has a significant amount of assets and investments, with a considerable impact on the income statement..
- Derived from the usual operations of business with its clients, Logista is exposed to commercial credit risk.

E.4 State whether the entity has a risk tolerance level, including tolerance for tax compliance risk.

To ensure Logista's activities are aligned with the level of risk that Logista considers appropriate in the development of its activities and with its business model, inherent in its strategy and corporate culture, and therefore, through an effective and active management, allows risks to be kept within tolerance thresholds. In general lines, it is the following:

Logista presents a higher risk profile in the face of technological Risks that could materialize, since, within the framework of Logista's strategy, it is a key element to provide logistics services with high added value and, therefore, with a high level of technological advance.

Due to the particularity of the business and the markets where the Group is present, it has a moderate Risk profile, therefore Risk Management has to be done considering the following:

- a) Achieve those strategic objectives defined by the Group, keeping a level of uncertainty under control.
- b) Maximize the level of guarantee to shareholders.
- c) Protect Group financial results and reputation.
- d) Take care of stakeholders interests (shareholders, customers and manufacturers).

However, the Group has a low tolerance towards the Risk in what concerns to policies, laws and regulations compliance, including tax regulation.

E.5 State which risks, including tax compliance risks, have materialised during the year.

Risks materialized throughout the year are regular operational Risks, in the ordinary course of business, particularly theft of tobacco in the company facilities and during transport, not affecting the Group's financial results as the merchandise was properly insured, and also, liabilities for the resolution of fiscal litigation processes, ruled against the Group, not affecting significantly the Logista's financial results, as these were properly provisioned, as well as other litigations of non-fiscal character.

In both cases the established control systems have allowed their mitigation, either the impact of Risk, neither its probability of occurrence. In general, the Internal Control and Risk Management Systems of Logista Group have allowed the allocation of several Risks in a low Risk profile, moreover some of them have been finalized without negative impact for the Group.

During this fiscal year, the risk of a pandemic has materialized due to the spread of COVID-19 worldwide, which has led to the entry into a scenario of economic and political uncertainty, with a worsening of the macroeconomic prospects in the countries in which the Group is present, which affects the evolution of the Group's businesses, although partially mitigated given the nature of the businesses and activities and services provided by the Group in which the current crisis is having a lesser impact compared to other sectors.

The financial impact as at 30/09/2020 derived from COVID amounted to 14 million euros of EBIT.

Likewise, during the year, key positions in the company became vacant and the established succession plans and the measures envisaged to guarantee a correct succession of said positions have been successfully applied.

E.6 Explain the response and monitoring plans for all major risks, including tax compliance risks, of the company, as well as the procedures followed by the company in order to ensure that the board of directors responds to any new challenges that arise.

The methodology to elaborate the Risk Map forces the evaluators to assess the Risks before and after considering the mitigating controls and action plans established for each case. The Risk Management Procedure states which action has to be done (Eliminate, Mitigate, Transfer, Pursue or Assume), and also an action plan will be defined.

See below the main existing controls for the Risks identified in the E.3 section:

Environment Risks

- The Group has adapted its operations, as well as its strategic and business plan to the current situation derived from the coronavirus crisis, implementing corrective, contingency and diverse measures, which has allowed it to continue its operations, as well as various protection measures for its workers and collaborators.
- In relation to tobacco trade, more stringent product traceability protocols have been implemented, as required by European Directive 2014/40/EU, which established stricter rules, among others, labelling, ingredients, traceability and border sales, which can affect the volume of snuff sold. Logista collaborates with the State Security Forces and Corps in the fight against illicit trade.
- Logista permanently monitors the evolution of the different activities, as well as its regulatory, social and political environment, adapting its strategy and objectives to the different conditions that arise in the countries in which it operates.

Business Risks

- The effect of liberalizing the main markets in which the Group operates as tobacco-related products authorized distributor where currently there is a State monopoly for retail sale would, if there is a negative effect, mitigated by the business diversification strategy followed by the Group, and the capacity to sell tobacco through the large capillary point of sales network.

Operational and Technological Risks

- Logista has developed and updated a Cybersecurity Plan, which includes specific action measures.
- With regard to thefts, highest security standards have been implemented, and Insurance Policies have been contracted, which reduce risks to tolerable levels.
- The application and updating of the succession plans prepared by the Group allows Logista to reduce this risk.

Regulatory Compliance Risks

- Logista permanently monitors the regulatory and legislative processes that could affect its activities, in order to anticipate possible changes sufficiently in advance for their proper management. Likewise, it has specific rules and procedures that regulate the framework of action of its activities, as well as the existence of models for the Prevention of criminal risks, all under the principle of "zero tolerance" with fraud and corruption.
- Logista defends itself judicially, as well as monitors its litigation, counting, where appropriate, with the support of external expert advisors.

Financial/Tax Risks

- Changes in the group's payment cycles may force it to look for external sources of financing: The most exposed Businesses to the credit risk of their clients, are strengthening the management of the recovery circuits of debt to shorten the collection terms, as well as more closely monitoring the assigned credit limits, promoting the obtaining of bank guarantees.
- The Company promotes strict compliance with the applicable tax regulations, monitoring and supervising compliance with tax obligations centrally in the Group, with the collaboration of tax advisers and law firms of recognized prestige as support in the presentation of tax returns and the subsequent liquidations, as well as in the case of special operations and, when appropriate, in their legal defence.
- The finance department carries out an analysis of the accidental risks that may affect to Logista, both in its assets and in the performance of its activity and establishes the contracting of external insurance coverage that it deems appropriate. In relation to the Goodwill, the Group performs impairment tests.
- Logista controls the risks of insolvency by setting credit limits and establishing strict conditions regarding collection terms; commercial risk is distributed among a large number of clients with short collection periods, being the main number of clients, tobacco shops, so that exposure to credit risk to third parties outside the Group is not

very significant, and it counts, when necessary, with Insurance Policies to mitigate the impact of possible non-payments.

Regarding the procedures followed to ensure that the Board of Directors responds to the new challenges that arise, the Audit and Control Committee supervises twice a year the evolution of the different key Risks, as well as its response strategies and associated mitigation plans, including fiscal ones, and approves and issues the Group Risk Map Update. In those two quarters in which the said complete update is not presented, the Audit and Control Committee is informed about the most significant changes in the main Risks, which allows identifying new threats, as well as managing Risks in advance. Said Committee reports quarterly to the Board of Directors on its work of supervision of the Control and Risk Management Systems.

F INTERNAL RISK MANAGEMENT AND CONTROL SYSTEMS RELATED TO THE PROCESS OF PUBLISHING FINANCIAL INFORMATION (ICFR)

Describe the mechanisms comprising the System of Internal Control over Financial Reporting (ICFR) of your company.

F.1 Control environment

Report on at least the following, describing their principal features:

- F.1.1. The bodies and/or departments that are responsible for (i) the existence and maintenance of an adequate and effective ICFR; (ii) their implementation; and (iii) their supervision.**

The Logista System for the Internal Control of Financial Reporting (hereinafter 'ICFR') forms part of the Company's Internal Control System and consists of the whole of the processes carried out by the Board of Directors, the Audit and Control Committee, Senior Management and the Logista Group personnel to provide reasonable security in relation to the reliability of the financial information which is released to the markets.

Article 5 of the Rules of the Board of Directors of 19th December, 2017, entitled 'The general role of supervision', lays down as one of its responsibilities the definition and approval of the Logista Group policies and general strategies, and in particular, the Policy on Control and Management of Risks, including fiscal Risks, and the supervision of the internal systems of reporting and control, and in particular, of financial reporting. It also defines the ultimate responsibility of the Board of Directors over the financial information which, as a quoted company, the Company has to publish regularly, and its responsibility to formulate the annual accounts and present them to the General Shareholders' Meeting.

In accordance with the provisions of Article 43 of the By-Laws, the Company has an Audit and Control Committee, whose main responsibilities, according to Article 17.2 of the Board's Rules and article 5 of Audit and Control Committee Regulation dated on December 19th 2017 are the following:

a) In relation to the control of financial reporting:

- Reporting at the General Shareholders' Meeting on the questions raised by shareholders about subjects within its area of responsibility, and in particular, about the result of the audit, and explaining how it contributed to the completeness of the financial information and to the role which the Committee performed during this process.
- Supervising the process of drawing up the required financial information and its completeness and submission, and making recommendations or proposals to the Board of Directors aimed at safeguarding its integrity, checking compliance with regulations, the accurate demarcation of the consolidation perimeter, and the correct application of accounting principles. , and, in particular, knowing, understanding and supervising the effectiveness of, the system for the Internal Control of Financial Reporting (ICFR).
- Supervising compliance with legal requirements and the correct application of generally accepted accounting principles, and reporting on the proposals for

modification of accounting principles and criteria suggested by Management, and of the Risks on and off the balance sheet.

- Ensuring that the Board of Directors arranges to submit the accounts to the General Shareholders' Meeting without limitations or qualifications in the audit report and that, in the unlikely event of there being qualifications, that both the Chairperson of the Audit and Control Committee and the auditors clearly explain to the shareholders the nature and extent of those limitations or qualifications.
- Reporting to the Board of Directors on the Company's Annual Accounts and on the financial information, which the Company has to publish regularly, and which has to be sent to the bodies that regulate or supervise the markets.

b) In relation to the supervision of internal control and of internal auditing:

- Supervising the effectiveness of the Company's internal control systems, and in particular, those for financial reporting and the Company's Risks systems, reviewing the appointment and replacement of its managers, and discussing with the accounts auditors or auditing companies the weaknesses of the internal control system, detected during the audit, all of this without compromising its independence. To that end, and where appropriate, recommendations or proposals may be submitted to the Board of Directors in keeping with the corresponding period for follow-up activities.
- Supervising the services and activities of the Internal Audit unit and, in particular, assuring the independence of the unit handling the Internal Audit function, which will report functionally to the Committee's Chairperson and will ensure the effectiveness of the reporting and internal control systems; proposing the selection, appointment, re-election and cessation of the head of the Internal Audit service; proposing the service's budget; approving its priorities and work programmes, ensuring that it focuses primarily on the main Risks to which the Company is exposed; receiving regular reports on its activities; and verifying that the senior managers are acting on the findings and recommendations of its reports.
- The head of the unit handling the Internal Audit function will present an annual work programme to the Committee, inform it of any incidents arising during its implementation and submit a report on its activities at the end of each year.
- Setting up and supervising a procedure which allows employees of the Company's group, and other persons related to the Company, such as Board members, shareholders, suppliers, contractors and subcontractors, confidentially and, where applicable, anonymously, to report irregularities of potential importance, especially financial and accounting irregularities, within the Company or its Group, receiving regular information about its functioning, and being able to propose appropriate actions to improve it and to reduce the risk of irregularities in the future.

In accordance with the Internal Control General Policy of Logista Group, it is assigned to the Internal Control Committee of the Logista Group, which President is the Finance Corporate Director, the mission to drive forward and monitor the Internal Control System (in which Internal Control of Financial Reporting is embedded), and provide and approve the basic guides to its operation, under the supervision of and dependency on the Audit and Control Committee of the Board of Directors.

Among other functions, the Internal Control Committee establishes the responsibility to validate the proposals of the Internal Control Process Owners or Co-ordinators, or of the Corporate Directors or Business Managers, to define, update and develop new processes or sub-processes and Risks and control activities, including all those which are related to the ICFR.

The Finance Corporate Directorate is the body responsible for defining the Systems of Internal Control of Financial Reporting. In this regard, it establishes and defines the policies, guidelines and procedures related to the generation of the said information, in order to guarantee the quality and authenticity of the financial information generated and monitors its compliance.

In addition, the Corporate Internal Audit Directorate has, among others, the following functions, competencies and responsibilities, defined in the Internal Audit Policy, of 30th April 2019:

- Evaluating whether the procedures, activities and objectives of Internal Control which constitute the Group's Internal Control System are appropriate, effective and efficient, and whether they assure to the Group, the Audit and Control Committee and the Board of Directors an effective supervision of the Risk and Control Management System, and promoting, directly or through the Internal Control Directorate and/or the Internal Control Committee of the Group, recommendations for their strengthening.
- To supervise the Internal Control System of Financial Reporting (ICFR).

F.1.2. State whether the following are present, especially if they relate to the creation of financial information:

- **Departments and/or mechanisms in charge of: (i) design and review of corporate structure; (ii) clear definition of lines of responsibility and authority with an adequate distribution of tasks and functions; and (iii) assurance that adequate procedures exist for proper communication throughout the entity.**

According to Article 6.2 of its Rules, the general purpose of the Board of Directors of the Company is to determine and supervise the Company business and financial objectives, agreeing on the strategy, the plans and the policies by which to achieve them, propelling and supervising the management of the Company and the achievement of the established objectives, and ensuring the existence of adequate management and organisation, under effective supervision of the Board.

Notwithstanding the foregoing, the policy of the Board of Directors is to delegate the ordinary management of the Group to the Executive Bodies and the Management Team, except in those matters that, according to the Law, the By-Laws or the Board's Rules, cannot be delegated.

For this reason, the Appointments and Remunerations Committee has the responsibility, among others, to advise on the proposals for the appointment or severance of senior directors which the Chief Executive proposes to the Board.

The roles of the Senior Management include, among others, to acknowledge, inform and, if it is the case, propose and approve, modifications to the organisational structure of the Group, for the purpose of identifying needs, inefficiencies and areas for improvement in the design of those structures, and the definition of the lines of responsibility and authority, and the appropriate distribution of tasks and roles.

The Corporate Directorate of Human Resources has procedures for updating the organisational structures at corporate level and of each of the Logista Group subsidiaries. These procedures are documented in organisation charts, which show the lines of authority up to a certain organisational level.

The Logista Group has a range of internal regulations governing the allocation and division of responsibilities and the segregation of functions in the different areas of the Group. Also, the Logista Group has job descriptions where main responsibilities of each job positions are described.

Specifically, the Corporate Financial Directorate has organisation charts showing the composition of the Financial Departments of each of the subsidiaries and business units; it also has regulations and procedures containing information about the tasks carried out by the different members of those departments, and information about the responsibilities included in the jobs of the key personnel involved in the preparation of the financial statements.

Dissemination is through the corporate Intranet which is used for internal communications, and through which the Logista Group regulations and procedures, as well as information about the most important changes occurring in the organisational structure, are disseminated. Furthermore, in the Corporate Intranet Directory one may find complete information about each of the employees of the Logista Group, including the post occupied and the reporting lines.

- **Code of conduct, the body approving this, degree of dissemination and instruction, including principles and values, (state if there is specific mention of transaction recording and creation of financial information), a body charged with analysing breaches and proposing corrective actions and sanctions.**

Code of conduct

The Logista Group adopted the Code of Conduct issued by its Controlling Shareholder, Imperial Brands PLC, which has been approved by its Board of Directors. There is, in addition, a Code of Conduct which applies specifically to the Logista Group companies in Italy (the 'Código Etico'), approved by the Board of Directors of Logista Italia, S.P.A., within the framework of Legislative Decree 231/01, which governs the regulation of compliance in the matter of criminal Risks, and which describes in detail all the processes of the Logista Group Italian companies, including the preparation of financial information, which are in turn analysed by the governing and control bodies legally required in Italy.

The Logista Group Code of Conduct may be consulted on its Intranet. For those employees who do not have a computer or other type of electronic device, a summary leaflet is delivered in which the main characteristics and ethical principles of the Code of Conduct are presented.

All the employees of the Logista Group have to commit themselves to its compliance and as a prove of that, they must sign a 'recognition' document, confirming that they have read the Code of Conduct and will observe its provisions. Logista has versions of this document in English, Spanish, French, Italian, Portuguese and Polish, so that it can be correctly disseminated and understood in all the countries in which it operates.

The Code of Conduct lays down the principles of responsible behaviour which all the employees have to observe, and offers a practical guide to the way in which important ethical and legal matters should be dealt with. As fundamental values, it includes business integrity, responsible commercial practice, trust, respect and responsibility. Each of the general principles is elaborated on in the body of the Code.

In particular, within the principle of responsible commercial practice, there is a section on accuracy in accounting and the keeping of financial records and notifications, of which the main obligations are explained below:

- To report and record all our financial information accurately and objectively.
- To ensure that accurate and complete financial and commercial records are kept.
- To ensure that all the financial reports, notifications, forecasts and analyses for which we are responsible are transmitted honestly and accurately.
- To observe all of the laws, external requirements and procedures of the Company when transferring financial and commercial information.
- To co-operate openly with the Logista Group Compliance Department and with our external auditors.
- To strive to identify any potentially erroneous representation of the accounts, data or records, or any occurrence of potential fraud or deception, and to inform the local, regional or departmental heads of finances, the Director of Accounting, Forecasting and Taxation or the Logista Group Compliance Manager of any worry or doubt about the accuracy of the financial reports.

Any new incorporation must carry out a training course, which is mandatory, on the Code of Conduct, consisting of the practical explanation of different axioms defined in the Code of Conduct, as well as a final exam. Likewise, it is mandatory to carry out specific training courses for the prevention of Criminal Risks in Spain and the Legislative Decree in Italy, in order to provide the employee with a vision of the main Criminal Risks, as well as of the behaviours expected by them.

The Code of Conduct itself and its complaints procedure lay down a procedure for notifying, recording and investigating possible breaches of the Code of Conduct as well as the principles of the investigations and the disciplinary measures, including dismissal, and the rights of appeal.

General Principles of Conduct of suppliers of the suppliers of Logista Group.

The Board of Directors of the Logista Group, in its session of April 30th, 2019 approved the issuance of the General Principles of Conduct of the suppliers of the Grupo Logista, available on the corporate website, in which they are exposed as commitments, of binding

effectiveness for the Logistic Group and of necessary assumption by the Suppliers that contract with the Group.

Within the scope of the ICFR, we emphasize the Principle of Accounting and Financial Records: "The Logista Group Suppliers fulfil their obligations regarding accounting and maintenance of financial records in a precise, honest and objective manner, in accordance with the legislation and regulations accountant".

Responsible bodies

The body ultimately responsible for these activities is the Audit and Control Committee itself, who in its Regulation states as part of its responsibilities the supervision of compliance with corporate governance rules and the Internal Codes of Conduct of the Company.

In particular, the Audit and Control Committee shall, according its regulation, Article 5 (v) b (i)):

- Supervise compliance with the Internal Codes of Conduct of the Company, particularly with the Internal Securities Market Code of Conduct, the Regulations and the Logista Group's governance rules, as well as putting forward proposals for its improvement.
- **Whistleblower channel, that allows notifications to the audit committee of irregularities of a financial and accounting nature, in addition to potential breaches of the code of conduct and unlawful activities undertaken in the organisation, reporting, as the case may be, if this is of a confidential nature.**

The Regulations of the Board of Directors assign the Audit and Control Committee the responsibility of establishing and supervising a procedure that allows the Logista Group's employees, confidentially and, if appropriate, anonymously, to report irregularities of potential importance, especially financial and accounting, that can be detected within the Company.

The Logista Group has a Policy and Procedure on Complaints of Malpractice ("Whistleblowing"), which was approved by the Board of Directors on 26th April, 2016, modified at 27th November, 2019.

This Policy formalizes the existence of a channel for denouncing behaviour, deeds, actions, omissions or failure to observe the principles, ethical values, laws and internal regulations applicable to the Logista Group, and establishes the general principles which govern the notification of the complaint, as well as the subsequent actions that have to be taken by the Logista Group as a result of such a notification of complaint. The procedure develops the aspects or premises which require the implementation and execution of the Policy. The Procedure develops the aspects or extremes required by the implementation and execution of the Policy, as well as the means of communication of complaints (either verbally, or in writing to the email address denuncias@logista.es or by ordinary post).

One of the bodies competent to receive complaints and to investigate cases of malpractice is the Audit and Control Committee, when if, in the conduct, deeds, acts, omissions or non-compliance which constitute(s) the Malpractice, the participation or direct or indirect involvement of any Member of the Board, including its Secretary, or of a Company Director,

or of the General Manager of a Business, is deduced, immediate report will be given by the Secretary of the Whistleblowing committee or Internal Control Unit, to the President of the Audit and Control Committee, or if implicated, to any member of the Board of that Committee.

Also, the Procedure states that the Directorate of Corporate Internal Auditing will prepare a report on cases that are relevant, of significant importance, of a financial or accounting nature, or serious, which will be forwarded to the Audit and Control Committee, which will, in addition, supervise the general observance of the Logista Group's Policy on Complaints, and of the provisions of this Procedure.

With regard to the confidentiality of complaints, the Policy states as one of its key principles the guarantee of Confidentiality and, as far as the applicable local legislation allows, the anonymity of the complaint.

The identity of the 'whistleblower' will not be disclosed to anyone other than the Bodies Competent to receive and investigate a complaint of Malpractice, in any of the stages of the Investigation Procedure, nor will the said identity be revealed to third parties or to the people being investigated. At the time of receiving a complaint, it is encoded, so that the nominative relationship of the complainant-denounced disappears. Likewise, the minutes of the Complaints Channel Committee, as well as, where appropriate, the documentation provided, are anonymized, once the conservation periods established in the General Data Protection Regulation ("GDPR") have elapsed.

As an exception, and under the applicable regulations, the identity of the 'whistleblower' can be revealed to the Administrative or Legal Authority which is handling the investigation procedure initiated by or resulting from the complaint of Malpractice.

The Board of Directors, at its meeting on 29 September 2020, entrusted the management of the Complaints Channel to a Compliance Committee, in direct dependence of the Audit and Control Committee.

- **Training and periodic refresher programmes for staff involved in the preparation and revision of financial information, as well as assessment of the ICFR (internal control system for Financial Information), that covers at least accounting rules, audits, internal control and Risk Management.**

Within the system for annual performance management assessment, personal development is encouraged, and any need for training in the said subjects is detected and then reflected in the Annual Training Plan.

The Human Resources Department, in collaboration with each of the business units, is responsible for defining the Logista Group Annual Training Plan, in which the training needs of the staff, including those involved in the generation and issue of financial information, and the Internal Control and Management of Risks, are identified.

In this way, training courses are given annually to those of the staff who are involved in the preparation and reviewing of financial information. Specifically, external training has been given on the following subjects: training on integrated internal audits, COSO ERM certification, cybersecurity awareness, Covid-19 crisis and the role of internal audit, presentation of the 3 lines of defense model, sampling techniques, Excel tools (formulation, macros, pivot tables) and others such as OneDrive and Sharepoint.

In order to ensure that the regulatory modifications and updating which are required to guarantee the reliability of financial information are understood and applied, the departments involved in the preparation and supervision of financial information keep themselves permanently informed of any such modification, through the subscription to bulletins and newsletters from external sources, as well as by the attendance to conferences and seminars of specific topics and technical updates, such as an evaluation of the control design and its effectiveness, and national Risk Management meeting.

F.2 Assessment of financial information risks

Report on at least the following:

F.2.1. The main characteristics of the risk identification process, including error and fraud risk, as regards:

- **Whether the process exists and is documented.**

The Logista Group has a specific selection of policies for the process of identifying Risks in the Group, specifically:

The "General Policy on Internal Control" has the purpose of establishing a model or general framework of action of the Logista Group for Control and Management of external or internal Risks of whatever kind, which could affect the Group.

The "Internal Control Procedure" defines and regulates the Control activities that the Logista must follow, to avoid or attenuate these internal and external Risks.

Also, the "Risk Management Policy" and the "Risk Management Procedure" describe Risks Management as an interactive and continuous process, incorporated into strategy and planning process. The Policy and the Procedure together define the basic principles and methods to be followed in Logista for the control and management of risks of any nature, which may affect Logista at any time to achieve its objectives.

In the methodology used for Risks Management implemented in the Group, during the phase of identification and prioritization of Risks, those Risks of a financial nature are considered; among these, the Risks of fraud and Risk of error in valuation and financial reporting are considered to be relevant when categorizing the financial Risks.

The Risks Management process is reflected in a Risks Register, which is prepared from assessments of the impact, probability and speed of each Risk, made by those responsible for the processes in all the Logista Group companies, who take into consideration variables both quantitative and qualitative.

Its output is the Logista Group Risks Map: there is a consolidated Risks Map of the Logista Group and also there are maps of specific Risks for each Company and Business unit or Corporate Directorate, linked to key Business and Corporate Directorates' processes.

There is also, in the documentation of the Internal Control System associated with each of the relevant processes with an impact on financial information, an inventory of specific Risks of financial information, classified by categories, including error and fraud categories, both external and internal.

- **If the process covers all of the objectives of financial information, (existence and occurrence; completeness; valuation; delivery; breakdown and comparability; and rights and obligations), whether it is updated and with what frequency.**

Additionally, on an annual basis, Internal Control Department makes an assessment, by each Business and Company, of the significant accounts, both at quantitative and qualitative level, which are later on linked to the different processes, and which results are gathered in what is denominated as ICFR Scope Matrix, which determine relevant process for ICFR purposes.

Taking the Scope Matrix as a reference, the Group develops the identification and description of each of the transactional Risks in the processes that are relevant for the purposes of the ICFR. This analysis is documented at the ICFR Risks and control matrix.

The Corporate Financial Directorate developed in 2016 an instruction for "ICFR documentation", in which premises to be followed are exposed in order to guarantee an adequate documentation maintenance. More explicitly, it is reflected that the review of these documentation must be a continuous and constantly updated process. Nevertheless, at least annually, at the beginning of the fiscal year, Internal Control Coordinator will do a general review of the documentation in order to guarantee a proper maintenance and communication. In case no update needs to be done to the current documentation, this fact will be communicated both to Internal Control Department.

- **The existence of a process for identifying the scope of consolidation, taking into account, among other factors, the possible existence of complex company structures, shell companies, or special purpose entities.**

The Logista Group consolidation perimeter is determined monthly by the Financial Corporate Directorate, based on the "Annex 23-Consolidation Procedure" of the "Finance Accounting Manual, Consolidation and Reporting of Logista Group and its Subsidiary Companies. This Procedure establishes the system to be followed to define the consolidation perimeter and to ensure that it is correctly updated, so that nothing is omitted from the consolidated financial information.

In the Group consolidated financial statements at the close of the financial year, in accordance with the methods of inclusion applicable in each case, all those companies belonging to the Logista Group, joint businesses and companies associated with it were included in accordance with the content of the IFRS. For that purpose, the Consolidation Department has a detailed checklist of all the companies belonging to the Logista Group, and carries out a specific, regular analysis of the consolidation criteria to be applied.

- **If the process takes into account the effects of other types of Risk (operational, technological, financial, legal, tax, reputational, environmental, etc.) to the extent that they affect the financial statements.**

In its System of Risk Management, the Logista Group considers the following categories of Risk, which may be distinguished according to their nature or their consequences:

- **Environment Risks:** including those events regarding economic, social and political matters. As well, due to the regulated nature of the tobacco market, main business of

the Group, the Risks regarding any modification to the tobacco regulations fall into this category.

- **Business Risks:** enclosing in this category any Risk regarding the behaviour of the different agents present in the Businesses of the Group, such the relationship with the tobacco manufacturers, or the entrance of new competitors.
- **Operational and Technological Risks:** those related to the regular Company's operations, such as process inefficiency, technology problems, non-compliance with quality or environment standards, or those resulting from errors in the execution of the activities.
- **Regulatory Compliance Risks:** resulting from non-compliance with existing regulations affecting the Company, including the internal policies and procedures, as well as those regarding the legal regulations that subject Logista, the penal Risks and the compliance with the both the legal regulations and the internal policies regarding the Internal Control of Financial Reporting.
- **Financial/Fiscal Risks:** considering those Risks regarding the Company's exposure to price and other market variables fluctuations, such as the exchange rate, interest rate, oil price, etc. Furthermore, credit Risks resulting from contractual liabilities, as well as fiscal Risks from the Company's activities lie into this category.
- **Reputational Risks:** including those events that could negatively affect the Group or the Company image and, therefore, its value, resulting from a behaviour under the stakeholders expectative, including those related to corruption

The Logista Group has also introduced, in different countries, a Model for the Prevention of Criminal Risks, covering, for example, the legal Risks considered in the Manual for the Prevention of Offences in Spain, and also a Crime Prevention System in their Italian subsidiaries to comply with Legislative Decree 01/231.

In the process of identifying Risks, according to these categories, the possible effects derived from the materialization of said Risks are taken into account.

- **The governing body within the company that supervises the process.**

The Board of Directors of the Company, has a non-delegable faculty, according to Article 5 of its Regulation, the determination and approval of the policy for control and management of Risks, including tax Risks, as well as supervision of the internal reporting and control systems, in particular those for financial information. The policy for control and management of Risks should identify at least: (i) The different types of financial and non-financial Risk which the Company is exposed to (including operational, technological, financial, legal, social, environmental, political and reputational Risks), including under the financial or economic Risks, contingent liabilities and other off-balance-sheet Risks; (ii) the determination of the Risk level the Company considers acceptable; (iii) the measures in place to mitigate the impact of identified Risk events should they occur; and (iv) the Internal Control and Reporting Systems to be used to control and manage the above Risks, including contingent liabilities and off-balance sheet Risks.

On the other hand, Article 5 of Audit and Control Committee Regulation assigns to this Committee, the latest responsibility of the supervision of the management and control of Risks:

- Supervising the effectiveness of the Company's Risk Systems, reviewing the appointment and replacement of the managers, and also, when appropriate, submitting recommendations or proposals to the Board of Directors, and the corresponding period for their following-up.
- Supervising the Control and Risks Management Unit, which will have, among other duties, that of ensuring that the Risk control and management systems are functioning correctly, and in particular, that the major Risks to which the Company is exposed are correctly identified, managed and quantified; that of actively participating in the preparation of Risk strategies and in key decisions about their management; and that of ensuring that the Risk control and management systems are mitigating Risks effectively within the framework of the policy established by the Board of Directors.

The mentioned Control and Risk Management Unit, according to the Risk Management General Policy dated on July 21st, 2020, is represented by the Logista Group Internal Control Committee, which has the functions stated in the preceding section E.2.

Likewise, and regarding this issue, the Internal Audit Corporate Directorate has the functions set up in the preceding section E.2.

F.3 Control activities

Report on whether the company has at least the following, describing their main characteristics:

- F.3.1. Review and authorisation procedures for financial information published by the stock markets and a description of the ICFR, indicating those responsible, as well as documentation describing the flow of activity and controls (including those relating to the risk of fraud) of the various types of transactions which may materially affect the financial statements, including financial closing procedures and the specific review of judgements, estimates, valuations and relevant forecasts.**

Procedures for review and authorization of financial information:

The regulated financial information to be sent to the markets complies with the provisions of Royal Decree 1362/2007 of 19th October, and Circular 3/2018 of June 26th, of the CNMV (Comisión Nacional del Mercado de Valores: National Securities Market Commission).

The Logista Group has an "Accounting Policy Manual", issued by the Corporate Finance Directorate, which defines a series of manual and automatic checks that are used to verify financial information, prevent fraud, the Risk of error, and ensure compliance with current legislation and the generally accepted accounting principles. There is also a formal procedure for accounts closure in which the financial information is prepared by each economic/financial manager of each subsidiary company or business, which is verified by the Consolidation and Reporting Department, and approved, before publication, by the Logista Group Finance Corporate Directorate. It is also checked by the external auditors. Finally, it is analysed by the Audit and Control Committee, which reports to the Board of

Directors, the latter being the body which finally approves it and agrees to its publication and dissemination to the markets, as explained in section F.1.1.

In addition, every quarter, the Financial Directors and Controllers of the Logista Group Businesses and/or Companies issue a certificate in which they declare that the Logista Group General Policy on Internal Control has been complied with as regards reconciliation of key accounts and controls. Every year, they also issue a representation letter in which they certify:

- That they were themselves responsible for preparing the financial statements reported at the close of the financial year, and for any other breakdown produced.
- That the financial statements were obtained from the Company's accounting records, which reflect all its transactions and its assets and liabilities.
- That the Company's accounting records correspond to what was produced by the consolidation tool in accordance with the local accounting standards plus the adjustments necessary to align them with the IFRS.
- That the concepts included in each account correspond to those in the Group's Accounting Plan and Manual.
- That the estimates and important decisions were made on the basis of the latest information available in the business and are sufficiently well documented and justified.
- That responsibility is accepted for the reliability of the information contained in the consolidated financial statements of the Company or subgroup (where applicable) at the close of the financial year.

Descriptive documentation of activity flows and controls:

Furthermore, and with regard to the documentation describing the flows of activities and controls of the different types of transaction which can materially affect the financial statements, the Logista Group has prepared the required documentation which describes the control activities which cover all the purposes of controlling financial reporting for the Logista Group, by means of its corresponding ICFR Risk and control matrix, narratives and flowcharts ("ICFR Documentation"), in accordance with the recommendations made by the CNMV, in its Internal Control Guide on Financial Information in Listed entities, issued in 2010.

The aforementioned ICFR documentation is configured based on control objectives for each Risk, whose achievement must allow to achieve reliability and transparency in the process of preparing the Financial information, which are intrinsically linked to the defined Control activities resulted to be efficient in all its terms in each of the material processes for the ICFR. In this context, the ICFR Documentation contains information about, among others matters, the Control activity, the Risk to be mitigated, the frequency and the person responsible for its implementation, its level of automation, as well as the definition of critical controls and Fraud controls aimed at ensuring the proper registration, valuation, presentation and breakdown of transactions in non-financial information.

The ICFR Documentation has been developed both for the material corporate processes (General Accounting, Consolidation, Fiscal Management, Treasury, Human Resources and

Purchases of Non-inventory assets, mainly), as well as for those relevant Business / Country operational processes for the IFCR, such as purchases, sales, stock and logistics services.

Said IFCR Documentation is periodically updated, both by the Internal Control Department, as well as by those responsible for said documentation, through their self-assessment, as established in the Instruction on the "Internal Information Control Documentation Financial", mentioned in section F.2.1, which allows confirming the validity and validity of the IFCR Documentation.

Specific review of relevant judgments, estimates, assessments and projections:

With regard to the specific review of the relevant opinions, estimates, valuations and projections, the Logista Group, as part of their Accounting Manual, has a specific annex about financial Provisions which describes the manner of dealing with each of the provisions which the companies in the Logista Group may make, and which is designed to reduce the risk of error in processes related to specific transactions.

Additionally, the Corporate Financial Director presents to the Audit and Control Committee, in order to facilitate said Body the review of regulated financial information, a detail with the main estimates and valuations made in the period under supervision, as well as the main ones hypothesis or methodology used for these estimates.

F.3.2. Internal IT control policies and procedures (access security, change controls, their operation, operational continuity, and segregation of duties, among others) which support relevant processes within the company and relate to the creation and publication of financial information.

The Logista Group uses information systems to keep an adequate record and control of its operations, so their correct functioning is crucial for the Logista Group.

The Management of Information Systems within the Management of Corporate Resources is responsible for the Logista Group information and telecommunications systems. Among its functions is that of providing the Information Systems Department with a set of policies, procedures and technical and organizational means to ensure the completeness, availability, confidentiality and continuity of the corporate information, including the financial information.

The regulations ,available to all the employees through the Logista Group intranet and relating to the Internal Control of the Information Systems, is mainly formulated by the following Internal Rules:

- The General Policy on Internal Control
- The strategic framework of the Information Systems
- The General Security Policy for the Information
- The Security Procedure for the Information
- The Technical Instruction for Roles Redesign.

The General Policy on Internal Control establishes the guidelines and directives relating to the management of the Risks associated with the management and use of information systems and, specifically, states that the Group's Information Systems must be controlled in order to guarantee their proper functioning and ensure control of the various types of transactions.

The General Security Policy for the Information formulates a reference framework and a set of guidelines and general principles that must be followed by all the Organization, to guarantee the Security of the Group's information and systems and other non-technological assets that it manages, as well as to determine the bodies responsible for it.

General Security Information Procedure, which develops, the mentioned Policy, as part as their provisions, states, among other, the following premises:

- **MANAGEMENT AND CONTROL OF ACCESS TO THE LOGISTA GROUP INFORMATION SYSTEMS**, whose general aim of the procedures and measures provided for in this Provision 6 is to anticipate and, as far as possible, prevent unauthorized access to the Logista Group Information, and to:
 - i. Establish a procedure for granting Users rights of logical access to the Logista Group Information Systems, and for modifying and revoking them when the User changes job or ceases to provide services to the Logista Group, respectively.
 - ii. Define the identification requirements of an authorized User to access the Information Systems.
 - iii. Establish specific control measures for access to Group Network Services and source codes.
 - iv. Establish specific control measures for access to Information Process Equipment.
- **ACQUISITION, DEVELOPMENT AND MAINTENANCE OF INFORMATION SYSTEMS**, which establishes a process to ensure that security is built into the lifecycle of Information Systems, and ensures that Information Security is taken into account from the beginning of the process in which an Information System is acquired (or developed) until it is implemented, maintained and eliminated. Explicitly, in this section, it is described the control procedure for changes to Business Applications within Logista Group, and the management on changes in standard market software packages.
- **SECURITY IN OPERATIONS**, in order to maintain and manage the processing of Information and Information Systems in the Logista Group on a continuous and secure basis, and to guarantee that the technological services provided by the Corporate Directorate for Information Systems are being provided normally, the operational procedures necessary for this purpose (such as those relating to backups and recovery of Systems, monitoring, task planning, installation and configuration of Systems, etc.) are documented by this Department. Additionally, in this Procedure there is a specific section concerning Communications Security Management (Network Infrastructure Security Management, Network Device Security, Firewall Policy, and Wireless Networks).

- **CONTINUITY AND REDUNDANCY IN INFORMATION SECURITY**, which describes the requirements to ensure the continuity of the Systems during any major event or disaster that may occur, including the continuity of Information Security in said Systems; the availability of the Technology Infrastructure in terms of redundancy, and the continuity of the functions of the different businesses of the Logista Group, including the Information Security managed by them.

Regarding Segregation of Duties, the Logista Group has designed and implemented a matrix for the segregation of functions, which segments the privileges of the users according to the minimum resources and information that are indispensable for the correct performance of the tasks associated with the workstations in the users' areas. In addition, and to complement the matrix for the segregation of functions, a set of measures and/or activities complementary to the segmentation of privileges has been established, such as the inclusion in the model of a group of users with greater privileges, with the aim, after an express request and while keeping track of the operations carried out, of supporting the operations of the corresponding users' area.

Finally, the Technical Instruction for Roles Redesign defines the specific guidelines that should be taken into account when designing the roles, their classification, their nomenclature and the structure they should have, existing a classification and nomenclature specifically for those "SOD Roles", which are those containing critical transactions managed by the Segregation of Duties Model.

F.3.3. Internal control policies and procedures intended to guide the management of subcontracted activities and those of third parties, as well as those aspects of assessment, calculation or evaluation entrusted to independent experts, which may materially affect financial statements.

For the current financial year, none of the processes resulting in the collection of financial information with a material impact on the individual or consolidated financial statements of the Logista Group have been externalised, so the Logista Group has not required reports about the effectiveness of the controls established by entities outside the Logista Group, other than the requirements of the policies for contracting third parties which the Logista Group uses in its Purchasing Policy.

However, as the result of the valuations is not significant, the Logista Group does repeatedly use reports of independent experts for the valuation of certain commitments to employees' benefits, and for the valuations of certain properties.

The Finances Corporate Directorate monitors the work of those experts in order to check: competence, training, accreditation and independence, the validity of the data and methods used, and the reasonableness of the hypotheses used, if applicable.

F.4 Information and communication

State whether the company has at least the following, describing their main characteristics:

- F.4.1. A specifically assigned function for defining and updating accounting policies (accounting policy area or department) and resolving doubts or conflicts arising from their interpretation, maintaining a free flow of information to those responsible for operations in the organisation, as**

well as an up-to-date accounting policy manual distributed to the business units through which the company operates.

The functions of the Management of Consolidation and Reporting, belonging to the Finance Corporate Directorate, are to define and communicate the accounting policies and keep them up-to-date, and it also has to answer enquiries about the accounting standards and their interpretation.

The Management of Consolidation and Reporting keeps abreast of changes in the accounting standards by means of communications with the external advisors and through the training which they themselves receive. These changes have to be analysed, and when they are applicable, the Accounting Policies defined in the accounting manual have to be updated.

The issue of all types of accounting standards is centralised in the Finance Corporate Directorate through their Management of Consolidation and Reporting department, which will be responsible for following and, if appropriate, applying, the modifications published in the regulations.

The Logista Group has a Manual of Accounting Policies, issued on October 9th 2015 and last update on 2017, with the purpose of establishing and describing the accounting policies and the Accounts Plan to which the financial information of all the Logista Group companies, the management information and the formation and formulation of the Logista Group Individual and Consolidated Annual Accounts must mandatorily be submitted.

In this way, it is intended to ensure that the content of the financial information and of the Individual and Consolidated Annual Accounts of the Logista Group are homogenous, consistent, accurate and harmonised, and that they are prepared on time.

The Manual contains and explains the key Good practices of Internal Financial Control of the Group; the rules of registration and valuation and accounting of the most significant elements of the assets and liabilities of the Group's Accounting; the rules for preparation the Financial information, and how they should be applied to the operations carried out by the Group; the consolidation and reporting rules, and in particular, contain different annexes for each of the headings of the financial statements and other areas of special relevance, such as the treatment of long-term incentive plans and recording of provisions, for example.

F.4.2. Measures for capturing and preparing financial information with consistent formats for application and use by all of the units of the entity or the group, and which contain the main financial statements and notes, as well as detailed information regarding ICFR.

The Logista Group main ERP tool is the 'SAP', which is used to record, at individual level, the accounting transactions from which financial information is obtained for the subsidiaries of the Logista Group. All the companies which constitute the Logista Group work in accordance with the same plan of accounts, which is homogenous and common to the whole Logista Group, contained in the Accounting Manual.

The consolidated financial statements are prepared centrally from the financial statements which are reported in the established format by each of the Logista Group

subsidiaries. To do that, the Logista Group has HFM consolidation software, which the Logista Group subsidiaries and companies use for reporting, and which enables the data to be aggregated, homogenised and analysed at individual and consolidated levels. In the consolidation process, there are checks to ensure the correctness of the consolidated financial statements.

In addition, the Consolidation and Reporting Department, as part of the Accounting Manual, has developed a series annexes– such as the procedures for consolidation, for inter-company transactions and for reporting, which are applicable to all the companies which constitute the Logista Group – which establish the mechanisms for collecting and preparing financial information in homogenous formats, the general rules, rules for the insertion of entries, for the approval of manual entries, opinions and estimates (including valuations and relevant projections) and a system for communicating financial information to the senior management and ensuring the homogeneity of the process of drawing up financial information.

F.5 Supervision of system performance

Describe at least the following:

F.5.1. The activities of the audit committee in overseeing ICFR as well as whether there is an internal audit function that has among its mandates support of the committee and the task of supervising the internal control system, including ICFR. Additionally, describe the scope of ICFR assessment made during the year and the procedure through which the person responsible prepares the assessment reports on its results, whether the company has an action plan describing possible corrective measures, and whether its impact on financial reporting is considered.

Through the Internal Audit Corporate Directorate, Body entrusted with the Supervision of the Internal Control System of Financial Reporting, the Audit and Control Committee has carried out the following supervision activities during the fiscal year:

- Approval of the audit activities related to ICFR to be executed according to Annual Internal Audit Plan for 2019-2020, which includes the review of the key controls of the Corporate Treasury and Funding processes, as well as the operational processes of Stock Management of the Tobacco business in Spain, France and Italy; SCIIF controls of those other operational processes that are subject to audit will also be included in the Annual Internal Audit Plans. These annual activities have been considered sufficient based on the premises established for the supervision of the ICFR within the 2018-2020 Strategic Audit Plan.
- Quarterly monitoring of the results of the ICFR reviews performed by the Internal Audit Corporate Directorate, including the evaluation of the impact of the weaknesses detected in the financial information, as well as the progress on the action plan implementation resulted during the audit reports.
- Review of the information about the ICFR which is included in the Annual Report on Corporate Governance.
- Review of the report of the External Auditor's opinion on this subject.

The Logista Group has an Internal Auditing Corporate Department with functional dependence on

the Chairman of the Audit and Control Committee, composed by 8 employees, and a budget item for outsourcing Audit services in France.

In its Internal Audit Policy, approved by the Board of Directors through its Audit and Control Committee on 2015, and updated in 2019, the purpose, authority and responsibility of the activity of Internal Auditing, and its position within the organisation are defined. Within the responsibilities of the said function, the following competencies (among others), are established:

- To evaluate whether the processes, activities and aims of Internal Control which constitute the Logista Group System of Internal Control are adequate, effective and efficient, and guarantee the Group, the Audit and Control Committee, and the Board of Directors of the Logista Group the effective supervision of the system of management and control of Risks, if necessary making recommendations, either directly or through the Logista Group Management of Internal Control, for its strengthening;
- Supervision of the System of Internal control of Financial Reporting (ICFR).

With regard to planning, communication with the Audit and Control Committee, and implementation of corrective measures, the following responsibilities are defined in the Internal Audit Policy:

- In an open dialogue with the Management and the Audit and Control Committee, the drawing-up of an Annual Plan for Internal Auditing based on an appropriate method of Risk management, and, if appropriate, on the needs expressed by the Businesses or Corporate Directorates. The work involved in the Annual Plan must be mainly orientated towards the Group's important Risks. The Plan must envisage work for special, *ad hoc* requirements during the year. The Annual Plan, and any updating of the Plan, will be sent to the Audit and Control Committee for its approval;
- The performance of the work described in the approved Auditing Plan, as well as any special work or project, requested by the Management, the Audit and Control Committee, or the Board of Directors;
- the preparation and despatch of regular (at least quarterly) summary reports to the Audit and Control Committee, on the results of the activity of Internal Auditing in fulfilment of the Annual Plan for Internal Auditing, or of other actions not included in the Plan, and on the monitoring by the Businesses and the Corporate Directorates or the Senior Management of the recommendations made;
- collaboration with the Businesses and/or Corporate Directorates in the definition of the plans of action to comply with their recommendations, and supervision of their correct starting-up and implementation;

According to its Internal Audit Plan, approved by the Audit and Control Committee, activities related to ICFR supervision have been carried out. More specifically, a Strategic Plan 2018-2020 has been prepared in which the rotation criteria of the CNMV Guide of June 2010 are adopted, which allows defining the scope of the ICFR evaluation by carrying out an evaluation that covers the entire of the ICFR in each fiscal year or throughout several fiscal years, in which case for each of them, rotation policies of areas of the financial statements or locations may be established for periods not exceeding two or three years, depending on various factors such as whether it has already been reviewed, process changes, etc. ...

Subject to review in the current fiscal year have been most of the tobacco stocks management processes in countries with significant impact on the financial statements, sales process for the integration of the Nacex business, as well as the corporate process of Treasury and Funding.

Likewise, during the year have been issued, the conclusions about the ICFR of tobacco purchase process in Italy and the corporate process of General Accounting and Consolidation, initiated in the previous year. As for the audits of an operational nature that have covered ICFR controls, in the year have been carried out the reviews in the convenience regional warehouses of Croissy and Bourgoin in France and the tobacco warehouse of Alcochete in Portugal.

As part of ICFR evaluation process, which conclusions are included in audit reports for each business and process audited, it is verified the operative efficiency of the critical controls described at the existing ICFR documentation, this means: evaluate if there are significant internal control deficiencies related to financial information; if so, the financial impact is measured, and corrective measures are set up in order to solve them resulting in action plans. Deficiencies are classified in the audit reports according to criticality, a responsible is appointed and they are monitored until its final solution.

During the current fiscal year, no internal control deficiencies have been detected with significant weaknesses on financial statements in those processes audited, although those adjustments or reclassifications not significant, resulting from the audits carried out has been reported to the Audit and Control Committee, if any.

F.5.2. If there is a procedure by which the account auditor (in accordance with the contents of the Normas Técnicas de Auditoría (NTA) - "Auditing Standards"), internal auditor and other experts may communicate with senior management and the audit committee or senior managers of the company regarding significant weakness in internal control identified during the review of the annual accounts or any others they have been assigned. Additionally, state whether an action plan is available for correcting or mitigating any weaknesses found.

The Audit and Control Committee meets at least quarterly with the aim of obtaining and analysing the necessary information in order to fulfil the responsibilities entrusted to it by the Board of Directors. There is an annual activities calendar in order to facilitate the proper planning of functions that the Audit and Control Committee is assigned, and execute the periodical activities, notwithstanding that during the year extraordinary subjects could come to light or the planned ones could be subject to changes. This calendar has been prepared on the basis of the provisions of the Capital Companies Law, the Good Governance recommendations of the Listed Companies of the CNMV and the Technical Guide on Audit Commissions of public interest entities and the Regulations of the Board of Directors. In this document, it is determined those sessions attended by the Corporate Internal Audit Director, the External Auditors, and fiscal experts or other experts when this is considered necessary.

In this regard:

- The external auditors are present at, and report on, all the sessions of the Committee in which regulated financial information and accounts formulations are analysed. In those sessions, the external auditors report to the Committee on important Auditing and Accounting matters, and on the recommendations identified as those which would enable the Internal Control System to improve. They also present the planning of the Accounts Auditing, their methodology, legislative innovations, and any other information considered to be useful.
- Corporate Internal Audit Director has full access to the Audit Committee, attending its sessions as a guest. Issues, among others, quarterly information, both about detected significant Internal Control weaknesses, including agreed actions plans arising out of the audits with a view to correcting the detected weaknesses in Internal Control, and also,

about the state and evolution of these action plans until their proper implementation.

Additionally, the Chairman of the Audit and Control Committee issues to the Board of Directors a summary report of the matters dealt with in these committees, which summarize the significant weaknesses in Internal Control identified during the review processes, the analysis of the annual accounts, as well as any other financial information to be disclosed, the status of action plans, or any other subjects that have been entrusted to the Audit and Control Committee.

Lastly, both the Corporate Finance Department and the Corporate Director of Internal Audit, hold private meetings with the Chairman of the Audit and Control Committee, to discuss the scope of the sessions, the work, its conclusions, the information to present in the Audit and Control Committee, as well as any other information deemed appropriate.

F.6 Other relevant information

No other relevant information regarding the ICFR implemented in the Group has been revealed, which has not been broken down into the sections corresponding to this epigraph F.

F.7 External auditor's report

Report from:

F.5.3. If the ICFR information submitted to the markets has been subject to review by the external auditor, in which case the entity shall include its report as an attachment. If not, reasons why should be given.

The Logista Group has submitted for review by the external auditors the information about the ICFR that was sent to the markets for this fiscal year..

The scope of the auditors' review procedures was in accordance with Circular E14/2013 of 19th July, 2013, of the Instituto de Censores Jurados de Cuentas de España, in which the 'Guide to Action and Model Auditor's Report relating to the System of Internal Control of Financial Reporting (ICFR) in quoted entities', which is attached as an annex, was published.

G **EXTENT OF COMPLIANCE WITH CORPORATE GOVERNANCE RECOMMENDATIONS**

Specify the company's level of compliance with recommendations from the Unified Code of Good Governance.

In the event that a recommendation is not followed or only partially followed, a detailed explanation should be included explaining the reasons in such a manner that shareholders, investors and the market in general have enough information to judge the company's actions. General explanations are not acceptable.

1. **That the Articles of Association of listed companies do not limit the maximum number of votes that may be cast by one shareholder or contain other restrictions that hinder the takeover of control of the company through the acquisition of shares on the market.**

Complies Explanation

2. **That when the parent company and a subsidiary are listed on the stock market, both should publicly and specifically define:**
 - a) **The respective areas of activity and possible business relationships between them, as well as those of the listed subsidiary with other group companies.**
 - b) **The mechanisms in place to resolve any conflicts of interest that may arise.**

Complies Complies Partially Explanation Not Applicable

With regard to the new wording of this recommendation, it should be noted that the Company informs in detail of the transactions related to its controlling shareholder and that any conflicts of interest that may arise are resolved under the current regulations, as well as the provisions of the Framework Agreement.

3. **That, during the course of the ordinary General Shareholders' Meeting, complementary to the distribution of a written Annual Corporate Governance Report, the chairman of the Board of Directors makes a detailed oral report to the shareholders regarding the most material aspects of corporate governance of the company, and in particular:**
 - a) **Changes that have occurred since the last General Shareholders' Meeting.**
 - b) **Specific reasons why the company did not follow one or more of the recommendations of the Code of Corporate Governance and, if so, the alternative rules that were followed instead.**

Complies Complies partially Explanation

4. **That the company has defined and promoted a policy of communication and contact with shareholders, institutional investors and proxy advisors that complies in all aspects with rules preventing market abuse and gives equal treatment to similarly situated shareholders.**

And that the company has made such a policy public through its web page, including information related to the manner in which said policy has been implemented and the identity of contact persons or those responsible for implementing it.

Complies Complies partially Explanation

With regard to the new wording of this recommendation, the Board of Directors approved an Action Plan which provides, among other measures, for the systematization of a General Policy on the communication of economic, financial, non-financial and corporate information.

5. That the Board of Directors should not propose to the General Shareholders' Meeting any proposal for delegation of powers allowing the issuance of shares or convertible securities without pre-emptive rights in an amount exceeding 20% of equity at the time of delegation.

And that whenever the Board of Directors approves any issuance of shares or convertible securities without pre-emptive rights the company immediately publishes reports on its web page regarding said exclusions as referenced in applicable company law.

Complies Complies partially Explanation

6. That listed companies which draft reports listed below, whether under a legal obligation or voluntarily, publish them on their web page with sufficient time before the General Shareholders' Meeting, even when their publication is not mandatory:

- a) Report regarding the auditor's independence.
- b) Reports regarding the workings of the audit committee and the appointments and remuneration committee.
- c) Report by the audit committee regarding related-party transactions
- d) Report on the corporate social responsibility policy.

Complies Complies partially Explanation

7. That the company reports in real time, through its web page, the proceedings of the General Shareholders' Meetings.

Complies Explanation

8. That the audit committee ensures that the Board of Directors presents financial statements in the audit report for the General Shareholders' Meetings which do not have qualifications or reservations and that, in the exceptional circumstances in which qualifications may appear, that the chairman of the audit committee and the auditors clearly explain to the shareholders the content and scope of said qualifications or reservations.

Complies Complies partially Explanation

The Company also complies with the provisions set out in the new wording of this recommendation, although to date, no reservations have been included in the external audit report.

9. That the company permanently maintains on its web page the requirements and procedures for certification of share ownership, the right of attendance at the General Shareholders' Meetings, and the exercise of the right to vote or to issue a proxy.

And that such requirements and procedures promote attendance and the exercise of shareholder rights in a non-discriminatory fashion.

Complies Complies partially Explanation

10. That when a verified shareholder has exercised his right to make additions to the agenda or to make new proposals to it with sufficient time in advance of the General Shareholders' Meeting, the company:

- a) Immediately distributes the additions and new proposals.
- b) Publishes the attendance card credential or proxy form or form for distance voting with the changes such that the new agenda items and alternative proposals may be voted upon under the same terms and conditions as those proposals made by the Board of Directors.
- c) Submits all of these items on the agenda or alternative proposals to a vote and applies the same voting rules to them as are applied to those drafted by the Board of Directors including, particularly, assumptions or default positions regarding votes for or against.
- d) That after the General Shareholders' Meeting, a breakdown of the results of said additions or alternative proposals is communicated.

Complies Complies Partially Explanation Not Applicable

11. That, in the event the company intends to pay for attendance at the General Shareholders' Meeting, it establish in advance a general policy of long-term effect regarding such payments.

Complies Complies Partially Explanation Not Applicable

12. That the Board of Directors completes its duties with a unity of purpose and independence, treating all similarly situated shareholders equally and that it is guided by the best interests of the company, which is understood to mean the pursuit of a profitable and sustainable business in the long term, and the promotion of continuity and maximisation of the economic value of the business.

And that in pursuit of the company's interest, in addition to complying with applicable law and rules and in engaging in conduct based on good faith, ethics and a respect for commonly accepted best practices, it seeks to reconcile its own company interests, when appropriate, with the interests of its employees, suppliers, clients and other stakeholders, as well as the impact of its corporate activities on the communities in which it operates and the environment.

Complies Complies partially Explanation

13. That the Board of Directors is of an adequate size to perform its duties effectively and collegially, and that its optimum size is between five and fifteen members.

Complies Explanation

14. That the Board of Directors approves a selection policy for directors that:

- a) Is concrete and verifiable.
- b) Ensures that proposals for appointment or re-election are based upon a prior analysis of the needs of the Board of Directors.
- c) Favours diversity in knowledge, experience and gender.

That the resulting prior analysis of the needs of the Board of Directors is contained in the supporting report from the appointments committee published upon a call from the General Shareholders' Meeting submitted for ratification, appointment or re-election of each director.

And that the selection policy for directors promotes the objective that by the year 2020 the number of female directors accounts for at least 30% of the total number of members of the Board of Directors.

The appointments committee will annually verify compliance with the selection policy of directors and explain its findings in the Annual Corporate Governance Report.

Complies Complies partially Explanation

The Company already complies in advance with the objective of 40% of female directors, generally set out in the new recommendations for good governance for year 2022 and is currently working to formalize the existing measures at high managers selection and development level.

15. That proprietary and independent directors constitute a substantial majority of the Board of Directors and that the number of executive directors is kept at a minimum, taking into account the complexity of the corporate group and the percentage of equity participation of executive directors.

Complies Complies partially Explanation

16. That the percentage of proprietary directors divided by the number of non-executive directors is no greater than the proportion of the equity interest in the company represented by said proprietary directors and the remaining share capital.

This criterion may be relaxed:

- a) In companies with a high market capitalisation in which interests that are legally considered significant are minimal.
- b) In companies where a diversity of shareholders is represented on the Board of Directors without ties among them.

Complies Explanation

17. That the number of independent directors represents at least half of the total number of directors.

Nonetheless, when the company does not have a high level of market capitalisation or in the event that it is a high cap company with one shareholder or a group acting in a coordinated fashion who together control more than 30% of the company's equity, the number of independent directors represents at least one third of the total number of directors.

Complies Explanation

18. That companies publish and update the following information regarding directors on the company website:

- a) Professional profile and biography.
- b) Any other Boards to which the director belongs, regardless of whether the companies are listed, as well as any other remunerated activities engaged in, regardless of type.
- c) Category of directorship, indicating, in the case of individuals who represent significant shareholders, the shareholder that they represent or to which they are connected.
- d) The date of their first appointment as a director of the company's Board of Directors, and any subsequent re-election.
- e) The shares and options they own.

Complies Complies partially Explanation

19. That the Annual Corporate Governance Report, after verification by the appointments committee, explains the reasons for the appointment of proprietary directors at the proposal of the shareholders whose equity interest is less than 3%. It should also explain, where applicable, why formal requests from shareholders for membership on the Board meeting were not honoured, when their equity interest is equal to or exceeds that of other shareholders whose proposal for proprietary directors was honoured.

Complies Complies Partially Explanation Not Applicable

20. That proprietary directors representing significant shareholders must resign from the Board if the shareholder they represent disposes of its entire equity interest. They should also resign, in a proportional fashion, in the event that said shareholder reduces its percentage interest to a level that requires a decrease in the number of proprietary directors representing this shareholder.

Complies Complies Partially Explanation Not Applicable

21. That the Board of Directors may not propose the dismissal of any independent director before the completion of the director's term provided for in the Articles of Association unless the Board of Directors finds just cause and a prior report has been prepared by the appointments committee. Specifically, just cause is considered to exist if the director takes on new duties or commits to new obligations that would interfere with his or her ability to dedicate the time necessary for attention to the duties attendant to his post as a director, fails to complete the tasks inherent to his

or her post, or enters into any of the circumstances which would cause the loss of independent status in accordance with applicable law.

The dismissal of independent directors may also be proposed as a result of a public share offer, joint venture or similar transaction entailing a change in the shareholder structure of the company, provided that such changes in the structure of the Board are the result of the proportionate representation criteria provided for in Recommendation 16.

Complies Explanation

22. That companies establish rules requiring that directors inform the Board of Directors and, where appropriate, resign from their posts, when circumstances arise which may damage the company's standing and reputation. Specifically, directors must be required to report any criminal acts with which they are charged, as well as the consequent legal proceedings.

And that should a director be indicted or tried for any of the offences set out in company law legislation, the Board of Directors must investigate the case as soon as possible and, based on the particular situation, decide whether the director should continue in his or her post. And that the Board of Directors must provide a reasoned written account of all these events in its Annual Corporate Governance Report.

Complies Complies partially Explanation

The Board of Directors has agreed on an amendment of the Board Regulations, to adapt its content to the new wording of this Recommendation (see section C.1.15).

23. That all directors clearly express their opposition when they consider any proposal submitted to the Board of Directors to be against the company's interests. This particularly applies to independent directors and directors who are unaffected by a potential conflict of interest if the decision could be detrimental to any shareholders not represented on the Board of Directors.

Furthermore, when the Board of Directors makes significant or repeated decisions about which the director has serious reservations, the director should draw the appropriate conclusions and, in the event the director decides to resign, explain the reasons for this decision in the letter referred to in the next recommendation.

This recommendation also applies in the case of the secretary of the Board of Directors, despite not being a director.

Complies Complies Partially Explanation Not Applicable

24. That whenever, due to resignation or any other reason, a director leaves before the completion of his or her term, the director should explain the reasons for this decision in a letter addressed to all the directors of the Board of Directors. Irrespective of whether the resignation has been reported as a relevant fact, it must be included in the Annual Corporate Governance Report.

Complies Complies Partially Explanation Not Applicable

25. That the appointments committee ensures that non-executive directors have sufficient time in order to properly perform their duties.

And that the Board rules establish the maximum number of company Boards on which directors may sit.

Complies Complies partially Explanation

26. That the Board of Directors meet frequently enough so that it may effectively perform its duties, at least eight times per year, following a schedule of dates and agenda established at the beginning of the year and allowing each director individually to propose items do not originally appear on the agenda.

Complies Complies partially Explanation

27. That director absences only occur when absolutely necessary and are quantified in the Annual Corporate Governance Report. And when absences occur, that the director appoints a proxy with instructions.

Complies Complies partially Explanation

28. That when directors or the secretary express concern regarding a proposal or, in the case of directors, regarding the direction in which the company is headed and said concerns are not resolved by the Board of Directors, such concerns should be included in the minutes, upon a request from the protesting party.

Complies Complies Partially Explanation Not Applicable

29. That the company establishes adequate means for directors to obtain appropriate advice in order to properly fulfil their duties including, should circumstances warrant, external advice at the company's expense.

Complies Complies partially Explanation

30. That, without regard to the knowledge necessary for directors to complete their duties, companies make refresher courses available to them when circumstances require

Complies Explanation Not Applicable

31. That the agenda for meetings clearly states those matters about which the Board of Directors are to make a decision or adopt a resolution so that the directors may study or gather all relevant information ahead of time.

When, under exceptional circumstances, the chairman wishes to bring urgent matters for decision or resolution before the Board of Directors which do not appear on the agenda, prior express agreement of a majority of the directors shall be necessary, and said consent shall be duly recorded in the minutes.

Complies Complies partially Explanation

32. That directors shall be periodically informed of changes in equity ownership and of the opinions of significant shareholders, investors and rating agencies of the company and its group.

Complies Complies partially Explanation

33. That the chairman, as the person responsible for the efficient workings of the Board of Directors, in addition to carrying out his duties required by law and the Articles of Association, should prepare and submit to the Board of Directors a schedule of dates and matters to be considered; organise and coordinate the periodic evaluation of the Board as well as, if applicable, the chief executive of the company, should be responsible for leading the Board and the effectiveness of its work; ensuring that sufficient time is devoted to considering strategic issues, and approve and supervise refresher courses for each director when circumstances so dictate.

Complies Complies partially Explanation

34. That when there is a coordinating director, the Articles of Association or the Board rules should confer upon him the following competencies in addition to those conferred by law: chairman of the Board of Directors in the absence of the chairman and deputy chairmen, should there be any; reflect the concerns of non-executive directors; liaise with investors and shareholders in order to understand their points of view and respond to their concerns, in particular as those concerns relate to corporate governance of the company; and coordinate a succession plan for the chairman.

Complies Complies Partially Explanation Not Applicable

35. That the secretary of the Board of Directors should pay special attention to ensure that the activities and decisions of the Board of Directors take into account the recommendations regarding good governance contained in this Code of Good Governance and which are applicable to the company.

Complies Explanation

36. That the Board of Directors meet in plenary session once a year and adopt, where appropriate, an action plan to correct any deficiencies detected in the following:

- a) The quality and efficiency of the Board of Directors' work.
- b) The workings and composition of its committees.
- c) Diversity of membership and competence of the Board of Directors.
- d) Performance of the chairman of the Board of Directors and the chief executive officer of the company.
- e) Performance and input of each director, paying special attention to those in charge of the various Board committees.

In order to perform its evaluation of the various committees, the Board of Directors will take a report from the committees themselves as a starting point and for the evaluation of the Board, a report from the appointments committee.

Every three years, the Board of Directors will rely upon the assistance of an external advisor for its evaluation, whose independence shall be verified by the appointments committee.

Business relationships between the external adviser or any member of the adviser's group and the company or any company within its group shall be specified in the Annual Corporate Governance Report.

The process and the areas evaluated shall be described in the Annual Corporate Governance Report.

Complies Complies partially Explanation

37. That if there is an executive committee, the proportion of each different director category must be similar to that of the Board itself, and its secretary must be the secretary of the Board.

Complies Complies Partially Explanation Not Applicable

38. That the Board of Directors must always be aware of the matters discussed and decisions taken by the executive committee and that all members of the Board of Directors receive a copy of the minutes of meetings of the executive committee.

Complies Complies Partially Explanation Not Applicable

39. That the members of the audit committee, in particular its chairman, are appointed in consideration of their knowledge and experience in accountancy, audit and risk management issues, and that the majority of its members be independent directors.

Complies Complies partially Explanation

40. That under the supervision of the audit committee, there must be a unit in charge of the internal audit function, which ensures that information and internal control systems operate correctly, and which reports to the non-executive chairman of the Board or of the audit committee.

Complies Complies partially Explanation

41. That the person in charge of the group performing the internal audit function should present an annual work plan to the audit committee, reporting directly on any issues that may arise during the implementation of this plan, and present an activity report at the end of each year.

Complies Complies Partially Explanation Not Applicable

In addition, the Company complies with the new requirements resulting from the new wording of this recommendation.

42. That in addition to the provisions of applicable law, the audit committee should be responsible for the following:

1. With regard to information systems and internal control:

- a) Supervise the preparation and integrity of financial information relative to the company and, if applicable, the group, monitoring compliance with governing rules and the appropriate application of consolidation and accounting criteria.
- b) Ensure the independence and effectiveness of the group charged with the internal audit function; propose the selection, appointment, re-election and dismissal of the head of internal audit; draft a budget for this department; approve its goals and work plans, making sure that its activity is focused primarily on material risks to the company; receive periodic information on its activities; and verify that senior management takes into account the conclusions and recommendations of its reports.

- c) Establish and supervise a mechanism that allows employees to report confidentially and, if appropriate, anonymously, any irregularities with important consequences, especially those of a financial or accounting nature, that they observe in the company.

2. With regard to the external auditor:

- a) In the event that the external auditor resigns, examine the circumstances which caused said resignation.
- b) Ensure that the remuneration paid to the external auditor for its work does not compromise the quality of the work or the auditor's independence.
- c) Insist that the company file a relevant fact with the CNMV when there is a change of auditor, along with a statement on any differences that arose with the outgoing auditor and, if applicable, the contents thereof.
- d) Ensure that the external auditor holds an annual meeting with the Board of Directors in plenary session in order to make a report regarding the tasks accomplished and regarding the development of its accounting and risks faced by the company.
- e) Ensure that the company and the external auditor comply with applicable rules regarding the rendering of services other than auditing, proportional limits on the auditor's billing, and all other rules regarding the auditor's independence.

Complies Complies partially Explanation

43. That the audit committee may require the presence of any employee or manager of the company, even without the presence of any other member of management.

Complies Complies partially Explanation

44. That the audit committee be kept abreast of any corporate and structural changes planned by the company in order to perform an analysis and draft a report beforehand to the Board of Directors regarding economic conditions and accounting implications and, in particular, any exchange ratio involved.

Complies Complies Partially Explanation Not Applicable

45. That the risk management and control policy identify, as a minimum:

- a) The various types of financial and non-financial risks (among those operational, technological, legal, social, environmental, political and reputational) which the company faces, including financial or economic risks, contingent liabilities and other off balance sheet risks.
- b) Fixing of the level of risk the company considers acceptable.
- c) Means identified in order to minimise identified risks in the event they transpire.
- d) Internal control and information systems to be used in order to control and manage identified risks, including contingent liabilities and other off balance sheet risks.

Complies Complies partially Explanation

In addition, the Company complies with the requirements resulting from the new wording of this recommendation.

46. That under the direct supervision of the audit committee or, if applicable, of a specialised committee of the Board of Directors, an internal control and management function should exist delegated to an internal unit or department of the company which is expressly charged with the following responsibilities:

- a) Ensure the proper functioning of risk management and control systems and, in particular, that they adequately identify, manage and quantify all material risks that may affect the company.
- b) Actively participate in the creation of the risk strategy and in important decisions regarding risk management.
- c) Ensure that the risk management and control systems adequately mitigate risks as defined by policy issued by the Board of Directors.

Complies Complies partially Explanation

47. That members of the appointment and remuneration committee -- or of the appointments committee and the remuneration committee if they are separate -- are chosen taking into account the knowledge, ability and experience necessary to perform the duties they are called upon to carry out and that the majority of said members are independent directors.

Complies Complies partially Explanation

48. That high market capitalisation companies have formed separate appointments and remuneration committees.

Complies Explanation Not Applicable

49. That the appointments committee consult with the chairman of the Board of Directors and the chief executive of the company, especially in relation to matters concerning executive directors.

And that any director may ask the appointments committee to consider potential candidates he or she considers appropriate to fill a vacancy on the Board of Directors.

Complies Complies partially Explanation

50. That the remuneration committee exercises its functions independently and that, in addition to the functions assigned to it by law, it should be responsible for the following:

- a) Propose basic conditions of employment for senior management.
- b) Verify compliance with company remuneration policy.
- c) Periodically review the remuneration policy applied to directors and senior managers, including remuneration involving the delivery of shares, and guarantee that individual remuneration be proportional to that received by other directors and senior managers.
- d) Oversee that potential conflicts of interest do not undermine the independence of external advice rendered to the Board.
- e) Verify information regarding remuneration paid to directors and senior

managers contained in the various corporate documents, including the Annual Report on Director Remuneration.

Complies Complies partially Explanation

51. That the remuneration committee consults with the chairman and the chief executive of the company, especially in matters relating to executive directors and senior management.

Complies Complies partially Explanation

52. That the rules regarding composition and workings of supervision and control committees appear in the rules governing the Board of Directors and that they are consistent with those that apply to mandatory committees in accordance with the recommendations above, including:

- a) That they are comprised exclusively of non-executive directors, with a majority of them independent.
- b) That their chairmen be independent directors.
- c) That the Board of Directors select members of these committees taking into account their knowledge, skills and experience and the duties of each committee; discuss their proposals and reports; and detail their activities and accomplishments during the first plenary session of the Board of Directors held after the committee's last meeting.
- d) That the committees be allowed to avail themselves of outside advice when they consider it necessary to perform their duties.
- e) That their meetings be recorded and the minutes be made available to all directors.

Complies Complies Partially Explanation Not Applicable

53. That verification of compliance with corporate governance rules, internal codes of conduct and social corporate responsibility policy be assigned to one or split among more than one committee of the Board of Directors, which may be the audit committee, the appointments committee, the corporate social responsibility committee in the event that one exists, or a special committee created by the Board of Directors pursuant to its powers of self-organisation, which at least the following responsibilities shall be specifically assigned thereto:

- a) Verification of compliance with internal codes of conduct and the company's corporate governance rules.
- b) Supervision of the communication strategy and relations with shareholders and investors, including small- and medium-sized shareholders.
- c) The periodic evaluation of the suitability of the company's corporate governance system, with the goal that the company promotes company interests and take into account, where appropriate, the legitimate interests of other stakeholders.
- d) Review of the company's corporate social responsibility policy, ensuring that it is orientated towards value creation.
- e) Follow-up of social responsibility strategy and practice, and evaluation of degree of compliance.

- f) Supervision and evaluation of the way relations with various stakeholders are handled.
- g) Evaluation of everything related to non-financial risks to the company, including operational, technological, legal, social, environmental, political and reputational.
- h) Coordination of the process of reporting on diversity and reporting non-financial information in accordance with applicable rules and international benchmarks.

Complies Complies partially Explanation

54. That the corporate social responsibility policy include principles or commitments which the company voluntarily assumes regarding specific stakeholders and identifies, as a minimum:

- a) The objectives of the corporate social responsibility policy and the development of tools to support it.
- b) Corporate strategy related to sustainability, the natural environment and social issues.
- c) Concrete practices in matters related to: shareholders, employees, clients, suppliers, social issues, the natural environment, diversity, fiscal responsibility, respect for human rights, and the prevention of unlawful conduct.
- d) Means or systems for monitoring the results of the application of specific practices described in the immediately preceding paragraph, associated risks, and their management.
- e) Means of supervising non-financial risk, ethics, and business conduct.
- f) Communication channels, participation and dialogue with stakeholders.
- g) Responsible communication practices that impede the manipulation of data and protect integrity and honour.

Complies Complies partially Explanation

In relation with the new wording of this Recommendation, partial compliance is only due to the fact that communication of financial information policy is in process with all aspects related to non financial and corporate information.

55. That the company reports, in a separate document or within the management report, on matters related to corporate social responsibility, following internationally recognised methodologies.

Complies Complies partially Explanation

In addition, the Company complies with the main requirements resulting from the new wording of this recommendation.

56. That director remuneration be sufficient in order to attract and retain directors who meet the desired professional profile and to adequately compensate them for the dedication, qualifications and responsibility demanded of their posts, while not being so excessive as to compromise the independent judgment of non-executive directors.

Complies Explanation

57. That only executive directors receive remuneration linked to corporate results or personal performance, as well as remuneration in the form of shares, options or rights to shares or instruments whose value is indexed to share value, or long-term savings plans such as pension plans, retirement accounts or any other retirement plan.

Shares may be given to non-executive directors under the condition that they maintain ownership of the shares until they leave their posts as directors. The forgoing shall not apply to shares that the director may be obliged sell in order to meet the costs related to their acquisition.

Complies Complies partially Explanation

58. That as regards variable remuneration, the policies incorporate limits and administrative safeguards in order to ensure that said remuneration is in line with the work performance of the beneficiaries and are not based solely upon general developments in the markets or in the sector in which the company operates, or other similar circumstances.

And, in particular, that variable remuneration components:

- a) Are linked to pre-determined and measurable performance criteria and that such criteria take into account the risk undertaken to achieve a given result.
- b) Promote sustainability of the company and include non-financial criteria that are geared towards creating long term value, such as compliance with rules and internal operating procedures and risk management and control policies.
- c) Are based upon balancing short-, medium- and long-term objectives, permitting the reward of continuous achievement over a period of time long enough to judge creation of sustainable value such that the benchmarks used for evaluation are not comprised of one-off, seldom occurring or extraordinary events.

Complies Complies Partially Explanation Not Applicable

59. That a material portion of variable remuneration components be deferred for a minimum period of time sufficient to verify that previously established performance criteria have been met.

Complies Complies Partially Explanation Not Applicable

60. That remuneration related to company results takes into account any reservations which may appear in the external auditor's report which would diminish said results.

Complies Complies Partially Explanation Not Applicable

61. That a material portion of variable remuneration for executive directors depends upon the delivery of shares or instruments indexed to share value.

Complies Complies Partially Explanation Not Applicable

62. That once shares or options or rights to shares arising from remuneration schemes have been delivered, directors are prohibited from transferring ownership of a number of shares equivalent to two times their annual fixed remuneration, and the director may not exercise options or rights until a term of at least three years has elapsed since they received said shares.

The forgoing shall not apply to shares which the director may need to sell in order to meet the costs related to their acquisition.

Complies Complies Partially Explanation Not Applicable

63. That contractual arrangements include a clause which permits the company to seek reimbursement of variable remuneration components in the event that payment does not coincide with performance criteria or when delivery was made based upon data later deemed to be inaccurate.

Complies Complies Partially Explanation Not Applicable

64. That payments made for contract termination shall not exceed an amount equivalent to two years of total annual remuneration and that it shall not be paid until the company has verified that the director has fulfilled all previously established criteria for payment.

Complies Complies Partially Explanation Not Applicable

In addition, the Company complies with the requirements resulting from the new wording of this recommendation.

FURTHER INFORMATION OF INTEREST

1. If there is any aspect regarding corporate governance in the company or other companies in the group that have not been included in other sections of this report, but which are necessary in order to obtain a more complete and comprehensible picture of the structure and governance practices in the company or group, describe them briefly below.
2. This section may also be used to provide any other information, explanation or clarification relating to previous sections of the report, so long as it is relevant and not redundant.

Specifically, state whether the company is subject to any corporate governance legislation other than that prevailing in Spain and, if so, include any information required under this legislation that differs from the data requested in this report.

3. The company may also state whether it voluntarily complies with other ethical or best practice codes, whether international, sector-based, or other. In such a case, name the code in question and the date the company began following it. It should be specifically mentioned that the company adheres to the Code of Good Tax Practices of 20 July, 2010

(1) General Note referred to Section (C)

The Board of Directors analysed the new wording of the recommendations of Good Governance of the CNMV, confirming that the Company already complied with most of these recommendations, particularly, those referred to gender diversity. An Action Plan was launched to implement the new approach to sustainability and non-financial information, which is expected to be completed throughout the 2020-2021 financial year.

At the request of the Board of Directors of Compañía de Distribución Integral Logista Holdings, S.A. (the Company), and in accordance with our engagement letter dated September 23, 2020, we have performed certain procedures on the accompanying "ICFR-related information" included in the Annual Corporate Governance Report of Compañía de Distribución Integral Logista Holdings, S.A. for the fiscal year ended on September 30th, 2020, which summarizes the Company's internal control procedures regarding annual financial information.

The Board of Directors is responsible for taking appropriate measures to reasonably ensure the implementation, maintenance, supervision, and improvement of a correct internal control system, as well as preparing and establishing the content of all the related accompanying ICFR data.

It is worth noting that apart from the quality of design and operability of the Company's internal control system in relation to its annual financial information, it only provides a reasonable, rather than absolute, degree of security regarding its objectives due to the inherent limitations to the internal control system as a whole.

Throughout the course of our audit work on the financial statements, and in conformity with Technical Auditing Standards, the sole purpose of our evaluation of the internal control system of the Company was to establish the scope, nature, and timing of the audit procedures performed on the Company's financial statements. Therefore, our internal control assessment, performed for the audit of the aforementioned financial statements, was not sufficiently extensive to enable us to issue a specific opinion on the effectiveness of the internal control over the regulated annual financial information issued.

For the purpose of issuing this report, we exclusively applied the following specific procedures described below and indicated in the Guidelines on the Auditors' report relating to information on the Internal Control over Financial Reporting on Listed Companies, published by the Spanish National Securities Market Commission on its website, which establishes the work to be performed, the minimum scope thereof and the content of this report. Given that the scope of the abovementioned procedures performed was limited and substantially less than that of an audit or a review on the internal control system, we have not expressed an opinion regarding its efficacy, design, or operational effectiveness regarding the Company's annual financial information for the fiscal year ended on September 30th, 2020, described in the accompanying ICFR.

Consequently, had we performed procedures additional to those shown in the abovementioned Guidelines, or carried out an audit or review on the internal control system of regulated annual financial information, other matters might have come to our attention which would have been reported to you.

Since this special engagement does not constitute an audit of the financial statements or a review in accordance with prevailing audit regulations in Spain, we do not express an opinion in the terms established therein.

The following procedures were applied:

1. Read and understand the information prepared by the Company in relation to the ICFR -which is provided in the disclosure information included in the Management Report- and assess whether such information addresses all the required information which will follow the minimum content detailed in Section F, relating to the description of the ICFR, as per the Annual Corporate Governance Report model established by CNMV Circular 5/2013 of June 12, 2013, subsequently amended by CNMV Circular 7/2015 of December 22, 2015 and CNMV Circular 2/2018 of June 12 (hereinafter the CNMV Circulars).
2. Question personnel in charge of preparing the information described in the above section 1, to: (i) obtain an understanding of its preparation process; (ii) obtain information making it possible to evaluate whether the terminology employed is in line with reference framework definitions; (iii) gather information regarding whether the described control procedures are implemented and functioning within the Company.
3. Review the explanatory documentation supporting the information described in section 1 above, which should, mainly, include that information directly provided to those in charge of preparing the descriptive ICFR information. This documentation includes reports prepared by the internal audit function, senior executives and other internal/external specialists in their role supporting the Audit and Control Committee.
4. Compare the information contained in section 1 above with the Company's ICFR knowledge obtained as a result of performing the procedures within the framework of auditing the financial statements.
5. Read the minutes of the Board of Directors Meetings, Audit and Control Committee, and other Company commissions in order to evaluate the consistency between issues described in the minutes related to the ICFR and information discussed in section 1 above.
6. Obtain the representation letter related to the work performed, duly signed by those responsible for preparing and authorizing the issuance of the information discussed in section 1 above.

As a result of the procedures applied on the ICFR related information, no inconsistencies or incidents have come to our attention which might affect it.

This report was prepared exclusively within the framework of the requirements of the article 540 of the Spain's Corporate Enterprises Act, and CNMV Circulars on ICFR description in the Annual Corporate Governance Report.
